Prologue

This is the continuation of the story of Mike, a Professor of Management at ISB. His cousin Nancy and his colleague Stephany are lesbians and get married to get a seat on the Mars Trip. They are on the way to Mars on a spaceship developed by Future India Ltd, led by Kumar who is a visionary and a big businessman.

Kumar from the original timeline is married to Anita and his first name is Reyansh and he has two daughters Leena and Rashmi. Leena is also travelling to Mars as a virologist and Rashmi is looking after Rao's hospital given by Nandini Kumar from another timeline. Reyansh Kumar with other members from various timelines was staying in New York to hide from the enemies of the world.

Sakshi is from another timeline and was running a hotel in Manali. At the time of the timelines merging her hotel was damaged, so she sold the hotel and moved to Hyderabad with her daughters Rachana and Disha, where she has their own house bought by her husband Surya Kumar. Disha is also part of the Mars Trip.

Rachana is married to Raj and he is already married and divorced in another timeline with Joy. He is injured in an accident and Rachana gets divorced citing he is already married and they hid the information. Rachana is working with Rao's hospital as a Billing Manager, courtesy of Rashmi.

Raj has a brother Himanshu, a sister-in-law, Baby and two nieces Indira and Suchitra.

Suchitra has two souls in her body one boy and one girl's souls. She has been kidnapped by Raaj and Suresh who were released from jail and sold her off to a brothel.

Rashmi receives a message from New York that Reyansh Kumar and other members are returning to India.

The government receives a message from the Mars centre that an Unidentified spaceship is heading to the Earth.

Now let us see what happens when the spaceship reaches Earth and what is their plan.

Chapter 1

Rashmi goes to her mom Anita and excitedly says, "Mom, Dad is returning from abroad. I just received a message from him."

"Oh, thanks for the good news, when is he coming?"

"He should be here in a day or two."

"Did his work complete?"

"I suppose so. I will go and get Nandini Aunt's house ready for guests."

"Nandini's house, are guests coming too? How many?"

"I have no idea, but Dad said we all are coming back. It seems many people went abroad with him."

Rashmi did not tell her mom about visiting New York and meeting all of them, they are practically like family. Because her dad told her not to tell anyone about their staying in New York for security reasons. It is two years since she last saw her dad.

Rashmi hurried to Nandini's bungalow and rang the bell. It is opened by a servant named Padma.

"Padma, get the house ready for guests, they will be arriving from New York. Possibly Nandini madam too will be coming."

"Madam is coming? Where she was all this time."

"I just said they are coming from New York, oh! You don't know where New York is, they are coming from America."

"Ok mam, I will take the help of others and get the house ready for the guests, how many guests can we expect."

"Including children around 15 members, we can expect. I don't have any idea how many of them returning."

"Returning mam, what do you mean?"

“I mean to say I don’t know how many are going to be here permanently.”

“Ok mam, I will get the work started.” She went away to call others to start the cleaning.

“Rashmi went to the room where the transporter was kept and switched it on, so her dad Reyansh and others could use the transporter to return to India.

She returned home and switched the transporter in her house too.

After two days, Reyansh came out of the transporter in his house with the luggage.

Anita started telling him about happenings around. Things like, Leena’s going to Mars and Rashmi getting the hospital to look after and things like that. Rashmi stopped and said, “Dad knows everything, he was monitoring everything from New York. He was informed about everything that is happening.”

Anita took offence to Rashmi’s words. “You did not tell me Dad is aware of the things happening around us.”

Rashmi said, “Let Dad sit down, he will explain everything. Dad, do you want to have tea?”

Reyansh nodded his head. He knows, Anita did not let him say anything. So, he picked today’s daily newspaper on the table and started reading it. Seeing him engrossed in the paper, Anita went to prepare tea in the kitchen.

Reyansh had his tea and got up saying, I will go and check up on the guests arriving to see if they are comfortable.

Rashmi said, “I will also come and meet them. It is been two years since I met them.”

Anita said accusingly, “You already met them, you did not tell me.”

Rashmi replied, "I was told not to tell anyone, as there is a danger for them. That is the reason they were hiding in America."

Anita looked at Kumar seriously and said, "Reyansh, so you are hiding all these years, you did not think about us."

Reyansh said, "For your security only I did not keep in contact with you. You know some people come searching for me at your flat. And they followed Rashmi to Nandini's flat. Where our associates caught them and found out the details."

Rashmi said, "You know Mom, Phani recorded about them in Srisailam Forest house. They brought a man and asked about Kumar and when he did not give a satisfactory reply, they shot him in the head."

Anita shuddered from hearing that and said, "I will also come and meet the guests."

Rashmi picked up the keys and they came out locked the door and walked to Nandini's bungalow.

Anita asked, "Reyansh why did you not tell us about our house?"

"I could not tell you about the money and the house, they were taken at the last minute and we were told not to tell anyone about our trip. Nandini got enough time to contact lawyers and put everything in Leena and Rashmi's names."

Anita asked, "Will she take all this away now she came back?"

"I don't think so, she wanted Rashmi to run the hospital. We all left companies in the US to be run by the board and returned to India."

Rashmi asked, "But, why did you decide to return suddenly?"

"I was told Aliens are coming towards Earth. Our Mars station has observed that an unknown spaceship is heading towards Earth, and it will be nearing Earth anytime soon. As we don't know what their intentions are, we were asked to come to India to manage the situation."

Anita asked, "What can you do when the Aliens land?"

Rashmi asked, "How do you know they are aliens?"

Anita asked, "That is what they are called isn't it?"

Rashmi replied, "I think so."

Rashmi opened the gate of the bungalow and reached the house after crossing the garden.

The doors were kept open and two kids aged about 9 or 10 years came running calling Akka.

Rashmi caught them both with each hand and hugged them. Anita looked at them with a question on her face, Who are they?

Rashmi said these two are Nandini's twins, Atul and Reena. Behind them, Dhruv came and asked how are you doing Rashmi and looked at Anita as to who is she.

Rashmi said, "She is my mom Anita."

Dhruv asked, "How are you, Aunty?"

Behind them, Revathi and Shravani sauntered. Anita asked What are you doing here Vadina (sister-in-law)?

Revathi replied, "I have been staying with Annayya, this is Shravani, my daughter, you have not met her?"

Anita looked at Reyansh, "You are giving shock by shock, I did not know Revathi had a daughter."

Dhruv said showing Loveleen, “This is my mom Loveleen and Joy”, showing Joy, “ She is my stepsister.”

Showing Sunitha and Anjali, “That is Sunitha aunt and her daughter Anjali.”

Anita asked, “Are these all or is anyone left?”

Reyansh replied, “You already met Nandini, she must be in her room. Atul where is your Mom.”

Atul said, “She said she is having a headache, she must be taking a nap.”

Reena asked, “Uncle, shall I go and check?”

Reyansh said, “Don’t disturb her if she is not well.”

Rashmi asked, “Reena, when did you see your dad last?”

Atul replied, “One year back Dad brought a lady and left her at our house.”

Reena looked at Reyansh.

Reyansh said, “He brought Monica Bajaj and left her with us because she was in bad shape. Later he came back and picked her up.”

Atul said, “But Dad is a changed man, we spent a little time in 2021 with him. That was the time we saw the real dad. But now he is nonchalant. He just hugged us and left, did not speak much.”

Reyansh said, “He must be working under pressure, otherwise why would he bring the lady and leave her there? Someone powerful must be looking for her.”

“But we miss our dad.”

“We have to be tough in these turbulent times. Now the times have changed, we don’t know what those aliens’ agenda is. Would they want to be friends or take over the entire earth?”

Anita asked, "Are you sure Reyansh? You might have some knowledge about who they are or why they are coming at this time. Somebody would know."

"It seems none of us has any idea, and those knowing are not coming out with details. That is the reason we were asked to come here and help out."

Sunitha asked, "Do you think this has anything to do with the operation Kumar did?"

Anita asked, "Reyansh, what operation did you do?"

Reyansh said, "It was not me, he was trying to find some Rakshasas. Part of that, he has to take Monica Bajaj to New York. Now Mahima Khan was exposed in the process. But Kumar was not sure if she was connected to the Asur. There are other actions he has taken, which we were not told about."

Anita asked, "Did he tell you at all about what he is doing?"

"Only important things. Like when he brought Monica, and why he had to bring her to NY. Or when they sent the Mars spaceship and he did not get on the spaceship. But he did not invite us to his wedding."

Anita asked, "Whom did he marry?"

"Who else, Loveleen Khanna."

Revathi interjected and said, "He said he would marry my daughter, Shravani, why did he make a U-turn?"

"Kumar who wanted to marry Shravani was a different person. I think he had to marry Loveleen for some convention or a requirement. What can we say about why Ram married Sita or Krishna married Rukmini?"

Revathi said, "Oh, you mean it like that."

Reena asked, "Shravani, Kumar dated you?"

Shravani replied, "We have not dated, but we worked together. He depended on my advice. He took me wherever he went. I was under the impression he wanted to marry me."

"Did he ever tell you he will marry you or he loves you?"

"When you ask like that he never told me those magical words, but I was under the impression he was thinking of asking Mom for my hand. January 2021 has changed all of that. He was a changed man and asked all of us to go to the USA for security purposes. He let us work in the background, he just visited once or twice only."

Rashmi asked, "Dad you were doing well when you were working with the hospital, why did you leave it?"

"It was not a decision I have taken in a day or at the spur of the moment. It was going on for years. Before joining the hospital, I was working with a software firm, installing software for hospitals. Now the marketing manager who took me to the software firm got a posting as a director with the hospital, and he wanted to take me to the hospital. He forced me to join the hospital. He manipulated the IT department in the hospital, by shifting the in charge to another hospital and got my nephew to join the hospital. Then offered me a job at the hospital as an IT Manager. Now after 1 year, he got another offer with Apollo Hospitals and with a good raise shifted over there, leaving me to the wolves. There is no proper management and over that the hospital is a Muslim-run hospital. So, they usually prefer Muslims, even though the Medical Superintendent (MS) is a Hindu. He would say I can't give any preference to Hindus. Then the director returned after a year or two. Then the MS left and a new MS in his place joined. He made a coup with the board and got the director removed for graft.

Then the MS asked me for the source code for the pharmacy, which I refused to hand over to someone known to him. He left the hospital and another MS took over. By this time I was fed up with the politics and bias of management I decided to do an MBA, and as I recovered from my heart surgery, I joined MBA. Now, everyone in the hospital was given increments and after enquiring about it, I was not given a satisfactory reply. I submitted my resignation and asked to go on 2 months of accumulated leave because it can't be reimbursed. I started my leave and the board secretary called me and asked me the reason for my resignation. I said I was not given any increments, I don't want to continue. He offered an increment and told me to take back the resignation and gave me a letter to that effect. However, he did not stick to his word and said it is taking time for the board to sanction the increment. He dragged the matter for a year. When are they going to have a board meeting, I wrote to the Chairman to finalise the increment or release me. Two board members called me to the conference room and offered only half the increment offered to me. I wrote to the chairman to release me on 25th March 2014 and release my pending increments for the last year. I left the hospital on that date and on 31st March the financial year had to be incorporated and I did not update the software. The software would stop working from 1st April, the secretary to the board had called me to update the software, I asked for my gratuity and software maintenance contract, which they had to accept reluctantly. But they paid only half of the gratuity refused to pay the balance and stopped the maintenance fees. So, I stopped the software and sent them a notice. But something happened in August 2014, I lost not only this hospital

contract but lost two others. I suspect someone is having a hand in that. Then, my downfall started. With difficulty I got another job, then another job at Noida in March 2015. I went over to Noida, returned and again went by train, that is the time I met Anne Reporter. At that time, I started receiving stories in my dreams and I could remember them and put them on Word documents as points for each story. I wrote a few of the stories and in some stories, I gave a name and a kind of prologue. Anne and I exchanged mobile numbers and used to meet near her university, which is close to my office. We used to discuss the stories and she wanted to try to write a book herself. So she took writing one of the books. Then I had come back to Hyderabad for a week and returned to Noida. That is when my problems started. I was struck with diabetes, left my ring at home and had a tough time. By this time the offices were shifted to sector 2. It is a little easier to go and come to the offices. I missed meeting Anne regularly.”

Reyansh stopped the narration, must be reminiscing about his past.

“During that time it was a little difficult, with Anita staying back in Hyderabad. Then the company cancelled my contract with the US company, and I had to come back to Hyderabad. That was the last I had any job. Everything evaporated as water in the sunlight. The remaining story you know.”

“What does it have to do with Aunt Sugandha?”

“I suspect Anita’s mother and Sugandha have something to do with me losing the job in Noida. When Nandini came to my room and took me to her hospital cured me and made me a new man. When Sugandha’s younger daughter met with a small accident, she went and met

their guru, who advised her to take penance for her wrongdoings against me and my family.”

“What kind of wrongdoing did she do against you?”

“She targeted our family and our finances. Like how much hard work I did, I was receiving only half of my earnings. It seems they are getting the other half for themselves. Somehow they are syphoning my earnings. When I was not getting anything, my earning capacity was flowing to them. When I was suffering from money problems, they were getting free money without any hard work. Then my health suffered and I could not recover because of Nandini only. What I was telling, about was that Sugandha went to meet their guru, and he advised her to return what they had syphoned off me and apologise to me. Then Sugandha called Anita and asked her to meet me to apologise and return the syphoned amount. At first, Anita did not understand what Sugandha was referring to but she brought her to me. But Sugandha made a U-turn, instead of apologising and returning the money syphoned, she laughed manically saying What do you think I will go off my lifelong earnings like that only? I will spend all this money but I will not give you a single rupee and throw the papers she brought on my face. I picked the papers, they are newspapers and white papers. Anita asked her what did I do to you for you to act like this. Sugandha replied I hate you and I hate your husband. She went out of the hospital and met with an accident. She was in a coma for some time and when she came out of the coma, she lost her voice. Still, she can't speak.”

Rashmi asked, “Anjali what did you do in the USA?”

“For that, I have to tell you a story.”

There was once a couple Samyuktha and Buchibabu.

They have a recruitment firm called Fareach Technologies. At first, they were dealing with recruitment for another company that had vendorships with many big companies. They supply them with manpower, especially software engineers. The story between Samyuktha and Buchibabu is that Buchibabu is very trusting. He would trust people easily lend them money and help them out. Samyuktha did not like his attitude and they had frequent fights about that. This matter reached up to the divorce and their families intervened and patched them up. The agreement was that Samyuktha would look after the firm and he had to take a backseat. In anticipation of getting their own vendor ship, they decided to open a branch office in Hyderabad and Buchibabu went to his friend for help appointed him as Operations Head, and handed him the branch to recruit and start operations. His name is Nagaraju, he was working with another firm as a clerk and outside operations. Like buying requirements for the office, office supplies and equipment like computers and other items.

From his previous company, he took two persons; from other sources, he took more people, appointed them, and started the operations. He was not much of a leader as he worked under someone all his life. Here he started to treat the recruiters under him like trash and abuse them. One day during office time he went out to meet with some suppliers for the house he was building. Samyuktha and Buchibabu saw him in his car and called the office. He got the receptionist to say he was in somewhere around and when she asked to hand over the phone to him, he said he must have just stepped out.

Unable to bear his subterfuge, they set him aside from operations and handed the operations to the team lead

handling the employees. They have not removed him from the company and continue to pay him salaries. Now unable to bear the humiliation, he stopped coming to the offices after a few days. But he kept a grudge against the Team Lead. She was innocent in all this tried to mingle with the team and brought up the company.

Now the team members were acting as a family and were having parties and attending the wedding of one of the employee's brothers and then had arranged a secret birthday party for a team member. Irritated by this Nagaraju burned with envy and wanted to take revenge on the team leader. He created a false narrative and filled the ears of Samyuktha, that the team leader was cheating the company. Samyuktha on her part, without thinking accused the Team Leader, suspended her and asked her to give in writing that she was wrong on her part for doing, what Nagaraju created narrative. She refused to give it in writing and asked to call her parents. When Samyuktha threatened to file charges, her father said she could go ahead and do whatever she wanted, as he was sure she did not do anything wrong. Now by the time her father reached the office, she snatched the team lead's mobile phone and went away fearing to show him the evidence, which would not prove what she was accusing her of.

The matter reached the police station, Samyuktha on her part to influence the enquiry and approached their known people in the department.

When both parties lodged complaints against each other the matter reached a stalemate.

Now Fareach was built on breaking many labour laws. They did not give their employees appointment orders and failed to pay them benefits like PF and ESIC. They

even cheated the Income Tax department by inflating the costs and expenses. When this matter reached the Labour Commissioner, they informed other departments about their breaking the law.

Now Fareach Technologies is under investigation after their company was locked and sealed.

The moral of the story those who live in glass houses should not throw stones at others and criminals can't finger innocent people.

Rashmi asked, "When I asked what were you doing before coming to India, you told this story, what is the relevance to you?"

Anjali replied, "the Team Leader in the story is me, and her father in the story was enacted by your dad."

"But you were in the USA."

"I came to India and was working for the last two years and returning to New York in the nights."

"There was a saying Look before you leap and now before accepting any job offer look at the company's history."

"Yes, that is true, We don't think about the company's future before joining there, we only think of our future."

"Don't worry you can help me with the hospital, you can join me on the board too."

Nandini came out of her room and shouted, "Kavitha give me a cup of coffee."

Seeing others sitting around, "Sorry I did not see you. I got a splitting headache with this change of time zone. Hi, Rashmi how are you doing? Namaste Anita."

"Namaste Nandini, how are you doing, did you come back permanently or do you need to go and come back regularly?"

“We have set up the company to be run by managers, I don’t think we need to go and come.”

Rashmi asked, “Will you take the hospital back to run yourself?”

“I don’t think that is necessary, you have taken over the reins of the company and running it well. You continue your work, I think Kumar has something else for us, otherwise, he would not call us all back. He must have some idea about the situation.”

Kavitha came and handed a cup of coffee to Nandini.

Rashmi asked, “Who is this, did you bring her with you?”

“Yes, she is Kavitha, she was with us in New York. You remember Kumar who had come from 1983 to 2017 with two girls, Payal was dead and Kavitha looked after him from then on.”

Anita asked, “What Nandini is talking about?”

Rashmi replied, “For that, I have to tell you the whole story, you don’t listen when I try to explain anything.”

Anita said, “OK, okay, you don’t have to explain anything. Let us go home. Thanks, Nandini, we will come later.”

On the way back home Anita asked, “What is this story about Kavitha coming with Kumar from 1983 to 2017?”

“It was one of Kumar’s time travelling experiences. Another Kumar went from 1987 to the year 2000 when that timeline Kumar died in a skirmish.”

“What do you mean by that he died?”

“Really he was murdered by Joy’s husband. He was about to attack Joy and Kumar went in between them, then instead of attacking Joy, he attacked Kumar and he died in hospital due to Sahithi’s foolishness.”

“Anyone else had time travelled?”

“You know Nandini time travelled and another Kumar’s wife Sneha time travelled for treatment.”

“Where did they get the machine for time travel?”

“They did not have a machine, it was all handled by Bob who has some kind of technology to time travel and he has the technology to hop between timelines.”

“Who is this Bob?”

“I think he is the representative of the Gods. When the gods left the earth, they arranged for someone to look after the earth and maintain order. One of the Kumars went and met Indrasen, who is the representative or you can call him King of the gods. He told Bob to give Kumar money and support to help him grow. That is why he could build a spaceship and has so much money.”

“You are talking so highly about this Kumar, but where is he? When can we meet him? Will he meet us or show us the door?”

“At present, he is in hiding, he called us all to India, he would call us for a meeting, but I don’t have an idea when.”

“But, what is the need for going into hiding?”

“He is in search of some Rakshasas. Until he knows who they are we were supposed to be in hiding too. But the arrival of the aliens has made us come out in the open.”

Anita opened the door and they entered the house and sat down on sofas.

Anita said, “At least you are back in India, I was worried about where you disappeared. I never thought I would see you again.”

“I was getting information about you all there. Once Rashmi visited us to buy medical equipment. She did not know about us until she landed in our offices.”

“Rashmi did not tell me she met you and you are well and about.”

“She was sworn to secrecy, we feared that someone was secretly keeping tabs on you. They might have bugged our flat and they even reached there when they came looking for me. Luckily you were away at the time.”

Chapter 2

A week after they returned from New York, Reyansh received a sealed cover through courier. He opened it and found a Software contract with the Navy. He was instructed to report to their Software division in Mumbai immediately to take over the project.

Reyansh booked a flight for next Monday morning. Packed his bags and reached Mumbai by 8 am. From the Airport he took a cab and reached a guest house owned by Kumar's International. He dropped his bags there and reached Ghatkopar Navy Yard. This is where they have warehouses and supply materials for their ship fleet.

He had to wait at the visitor's centre near the gates for the preparation of a gate pass. When he called the number given to him with the cover, they sent a man to prepare and give him the entry pass.

He took the pass and reached their software division. There he met with Ms. Archana, who is of Lieutenant Commander Rank.

She introduced him to three of their staff working on software. Two of them are senior Stores Superintendents and one is a Stores clerk rank and they are civilians another girl was employed through the contract-to-hire method. Archana said more developers would be joining to develop software and Kumar needed to take over the project to develop new requirements.

Reyansh asked Archana if he might need more computers for the team.

Archana said they have a training cell nearby where they have a setup to develop software. They have around 10 seats available there for development. Reyansh can go

there and meet with the other developers there and check over the status of the project.

Reyansh was given instructions to reach the training cell. He walked over there to the training cell asking for directions in between and reached the cell after 15 minutes of walking. There he saw the instructions to reach the first floor to reach the cell. He walked up the flight of stairs and found a peon sitting there on a corner who guided him to the developing cell. There he met with various developers working and those who had just joined.

Some staff members were working on the project and the remaining were hired on contract.

The staff members were a little indifferent to the work as expected by any government employees. Others who were appointed on the contract were eager to start.

Reyansh started to interact with the developers and tried to help them out with his advanced development knowledge.

After two days, Archana called him to her office. She asked, "Reyansh, where did you disappear?"

He replied, "You told me to go to the training cell to work from there."

"It is OK, I want you to work from here. Go and meet Vishal and he will explain about the project."

He said "ok", and went in search of Vishal. He found him working at a computer in the Software Group cabin. There are around 6 computers set up. Vishal is sitting at the head of the table, and one by one is coming to him to make updates to the software or report errors or bugs. He is checking up on the errors and making necessary changes.

It took Vishal around half an hour to attend to Reyansh. When enquired about the project, he showed him a computer and asked him to get familiar with the system. Then after two days in charge of the software department returned from leave, then Reyansh understood from Archana, that Shiny was the head of the department and Vishal worked under her. Vishal showed him a project and went over to the Training cell to work on another project. Now he developed the project's code and assisted Shiny with the maintenance. One day one of the Stores In charge came over with a problem to Archana and she directed Reyansh to check out the details. The problem faced by the Stores in charge is that the stock shown in the system does not match the physical stock. Reyansh went with him to the storehouse and checked the physical stock with him. Finding the stock not matching they verified the physical records and did not find any record of the items sent out. As the materials are of a national security nature, he came back and informed Archana of the same. Archana went to her boss and informed him and the matter Reached MS. MS constituted an enquiry committee and started an investigation.

Chapter 3

It is a Friday and MS ordered Archana to visit the Dockyard with Reyansh. As Reyansh was not feeling well, and with had an infection, Abhijit was asked to accompany them.

So, the three of them went in Archana's car to Dockyard and they completed their work of checking the software and training the users. After completing the work, they were invited to board a ship docked there and help the users having a problem with the software.

They went down to the computers and checked it out. When the connection to the system was cut, they came up to the deck finding the ship moving out to the sea.

Archana asked a passing Sailor about the ship moving out to the sea. He replied that due to some problems at the Dockyard, the ship was asked to move out to the sea for some time.

As the ship is moving out to the sea for a brief interval, they decided to go to the canteen to have a cup of tea and possibly have some snacks.

They had snacks and tea, came to the deck and looked at the Dockyard thinking when they could reach the shore.

Reyansh and Abhijit opened their eyes to the calling of Archana.

Abhijit opened his eyes and asked, "What happened mam?"

"Look around you."

Abhijit looked around and found only water and land were nowhere near. By this time Reyansh stirred and opened his eyes and closed his eyes to the evening son

light falling on his eyes. He blinked a few times and sat up. Looked around in concern as only water around them. He looked at Archana for more information.

When no answer was forthcoming from Archana, he asked, "What is this madam, where are we?"

Archana replied, "Don't you see we are in the middle of the sea."

"Abhijit asked, "How did we reach this point?"

"Obviously someone threw us into the sea."

Reyansh asked, "Who would do such a thing?"

"Who else, those people who were disturbed by our looking into the shortage of stocks, Abhijit got struck in between without any fault of his."

"It is no problem madam, I have been trained to face these kinds of situations."

"What do you mean by trained?"

Abhijit replied, "I have been trained in the Merchant Navy and survival techniques were part of our training."

"You did not tell us about training?"

"As I am joining for software development, I did not feel it is required to be announced. But can you tell us where are we?"

"We are somewhere away from the seashore and from the sun's position we might be quite a distance from Mumbai. We don't have anything to row to reach land. It will be dark in half an hour and we don't have anything to eat."

Reyansh asked. "can the sea carry us to a nearby land?"

"See the sea, it is so calm and there is no wind also, over that we don't have any sails to use the wind."

Reyansh did not feel scared as he was in tougher situations before and he knew someone would be looking for him. Someone with technologies more powerful than known to mankind. Whereas Archana was trained not to get scared and to think with an open mind to analyse the situations and try to come to a solution.

But it was different for Abhishek, he got strength looking at Archana who stood like a rock in front of them.

Chapter 4

Kumar got up from sleep and looked around. He was sleeping in a park, the park seemed familiar with the broken water fountain and other landmarks like the small walls with iron spikes and break-in spikes which allow people to come and go without going through the locked gates.

He was coming to this park from the time he could remember. He touched beside him and found a tote bag on which he laid his head and was sleeping. He took the bag and started to walk to his home, which is around a 5-minute walk. He passed the police station, which seemed to have been painted recently. He went further and turned right at the next gully. He found the surroundings slightly changed. There was a big open area, which seemed to be shrunk with the building people occupying the part of the ground. He turned right at the end of the road and there was a five-story building instead of the two-story building where they used to live. He and with family lived on the ground floor and his grandfather's family lived on the first floor. His family had vacated the ground floor two years back, but his grandfather continued to live on the first floor.

But this building seemed new and there is provision for parking on the ground floor and a single room on the far end. He went to the room, a man looked out and asked whom do you want to meet?

Kumar replied, "My grandfather used to live here. Do you know where they are living?"

"What is your grandfather's name?"

Kumar told him his grandfather's name.

“No one by that name stays here, owners live on the first floor, I will take you to them, they may know something about them, I am new here.”

Both of them climbed the stairs and went to the first floor, which was fully occupied by the owners. Watchman rang the bell and stood a little far away.

An old lady opened the door. She would be around 60 or more. She looked at the watchman enquiringly.

Watchman told her his grandfather’s name and said this boy was looking for his grandparents.

The old woman squinted her eyes at Kumar and said, “he died long back and later his wife and sister vacated the house and his sister went to their brother and his wife went to live with her daughters. Who are you, you looked familiar?”

“I am Kumar Aunty, you looked old from the last time. We have gone only for a year.”

“Are you Surya, but you are looking very young. Where are you coming from?”

“I went to the village to collect my SSC Certificates.”

“Come have some breakfast.”

She sat him on the dining table and served him idlies on a plate with chutney.

He remembered he was hungry and ate them and asked for a second serving. She served them and said nowadays youngsters don’t want idlies, they want fast food.

He washed his hands and stood aside thinking where he should go.

She reminded him your grandfather’s brother stays nearby, why don’t you go and check there?

“Thanks, Aunty, I will do that.” Kumar came down thanked the watchman and moved towards his small grandfather’s house. It is near Panja Center and he could go there in 10 minutes. He reached the road to their house, which is on Gandhi Hill on the opposite side of the Railway station. He had to climb a small hill to reach their house. Slowly he walked to their house and on the way he saw a big bungalow with big gates and an imposing building behind the gates. It reminded him of the bungalows he saw in the movies. He wondered where this bungalow came from, it was not there when he last visited their house. He came here in the hope that being their own house, there would be someone at the house.

When he reached there he had to make a sharp turn to the right and their building would be second in the lane. Instead of a single-storey building, there is a 5-storey apartment block. He did not know what to do and looked around and found a cement bench opposite the bungalow, and went and sat on that.

He did not know what to do. He did not have the address for his parent’s house in Bombay. They recently went over there. When he came over to Vijayawada everything changed here.

Then he thought of his small grandfather’s shop in the market. But it is a little far, it would take 20 minutes from here to the market. So deciding to go to the shop, he stood up and the watchman from the bungalow approached him and asked him what he was doing there. Kumar replied that his grandparents lived next door, but now their building is not there and he will go see them at their shop.

Watchman said, “Madam is calling you, meet her and go.”

So, Kumar followed the watchman into the bungalow. The watchman rang the bell even though the door was open. A servant-like girl came and told him to follow her. They both went to a room and the girl stopped at the door and said wait a minute and went inside and came out and told him to go in.

A lady of perhaps 25 years is sitting on a padded chair. She looked him up and down and asked what is your name.

He replied, "Kumar madam."

What kind of name is that, just Kumar?

"No madam, everyone calls me Kumar."

"Whose house you have come to?"

"to our grandfather's house. But now instead of their house, there is an apartment block."

"So, you have come to Gunturu's house. But they sold their house long back. After the death of your grandfather, his son has sold off the house and moved to Hyderabad."

"I have just been away for one year and all this happened."

"Where were you for the last year?"

"I was studying for the 10th in our Village. I collected my SSC Certificates and landed here and found everything changed."

"Show me your certificates."

Kumar removed a plastic folder where he kept his certificates and handed them to the lady.

She read, "name Surya Kumar, passed out year 2022. This photo on this matches you."

"What year did you say, madam?"

“Your passing of 10th is 2022. Is there any problem?”

“What is this year madam.”

“June 2022. You are acting as if you are somewhere else. Tell me one thing, what is that hair, is it some kind of new fashion?”

“I did not have a haircut for the last 6 months. As there was no known barber shop in the village, and for the exams I did not cut the hair.”

“But where are your parents?”

“They have already gone to Bombay, I stayed back for my certificates. Now I don’t know their address also. I was supposed to get the details from my grandfather. Now I don’t know what to do?”

“You said you wanted to check their shop, go take a cycle from the watchman and go and check and come back.” She pressed a button and a servant came to the door, she ordered her to take him and give him a cycle so he could go and come.

He stretched his hands for the certificates, she said, “Let them be here, they will be secure here. You go and check out about your parents and come back. Then you can decide what to do.”

He reluctantly left the certificates in the possession of the lady and went with the girl. The girl showed him a cycle and told him to use that and go and come back.

He cycled to the shop in the market at a brisk pace. He was looking around finding everything changed. When he reached the market, he parked the cycle and went to a small gully where the shop was located. Finding someone else at the till, he enquired about his uncle. The person said he sold the shop and shifted to Hyderabad, and he did not know of any forwarding address.

So, in a confused state, Kumar cycles back to the bungalow. Put the cycle at the designated place and press the bell. The girl came and took him to the madam. He narrated about not finding his uncle or grandfather's shop, which they sold off. Now where would he go?

Madam showed him sympathy and told him to stay with them until he could find some information about his parents. She said she would keep his certificates in safe custody.

She told the girl to take him and give him lunch.

She took him to the kitchen, he asked her I have to have a bath, I don't eat anything unless I had a morning bath. She looked at him strangely and asked, "Are you a Brahmin?"

"Nothing like that, I have to have a bath in the morning."

"She took him to the bathroom and said, "You can have a bath here", and went away.

He removed a change of clothes and a towel from the tote bag he was carrying went inside and closed the door.

He came out with a towel around his waist and went to the prayer room with god's photos and lit a lamp and agarbattis, then a piece of camphor and took a bell and rang it and gave aarti to the gods.

Then he went to the kitchen when the girl served him, he took the plate to the prayer room, put it there and prayed to the gods to accept his prasadam.

He brought the plate to the kitchen sat on a wooden plank and started to have his food.

When his lunch is finished, he cleaned the plate and put it aside and came out.

The girl said madam is calling you and took him to her room. Madam asked him did you do pooja?

He replied, yes. At my house daily I do pooja.

She said, then here also you do daily pooja until you stay here. Do you want to join college?

"I don't know what to do. I could not find my family. I have become an orphan."

Madam said, "As long as I am alive you will never be an orphan, you go and join college tomorrow."

"But madam, why are doing all this for me? What relation do I have with you?"

"I remember my grandmother used to say one Kumar helped her when she was young, because of him only our ancestry is saved."

"What is your grandmother's name madam?"

"She was Nimisha and my grandfather is Jamindar Purushotham."

"What is your name madam?"

"I was born after the death of my grandmother so, my dad Harshith named me Nimisha."

"Can I call you Akka?"

"Certainly you can call me Akka, I don't have any reservations. In fact, I don't have any brothers and sisters."

"Where are your father and mother?"

"They died last year in an accident."

"I am sorry Akka. I will be your younger brother from this moment. What were you telling about Kumar?"

"He did our family a great favour, I might have a photo of him in grandma's belongings. Come let us check it out."

They both went and Nimisha opened the lock on a door and they entered the room. She opened a trunk standing in the corner, rummaged through that and removed a bunch of photos.

She looked through them, removed a photo from that and compared it to Kumar. Finding the photo identical to Kumar, She kissed him on the cheeks and showed him the photo. The photo was in black and white but the resemblance was uncanny.

“I think god has sent you to me to fulfil my lack of having siblings.”

Chapter 5

Reyansh woke up with a jolt. He looked around, everything looked dark. He looked up, the sky was cloudless and he could see the stars clearly. He looked at stars and tried to remember the names of constellations.

On one side there is a streak of light coming up. So, it must be east, he thought. He tried to wake up Abhishek, but he was fast asleep. He called Archana Mam. She opened her eyes and looked at Reyansh. In the darkness, his silhouette could be seen.

Archana said, "Yes, what happened?"

"It will be daylight soon, what should we do?"

"What we can do, is wait for a ship to pass us."

"But from the time we woke up on this boat, nothing passed us. It may not be a regular shipping route."

"Yes, I am aware of that, remember I am from the Navy. Let us see if we can find an island or some kind of land. Otherwise, we will die from thirst. Forget about hunger."

"Madam, can you see anything on the horizon?"

"Yes, it could be a small island. Let us try to steer the boat that side."

"But how can we steer it."

"Just use your hands and let the sea do it the reminder."

It took them two hours to see the island. Meanwhile, Abhijit awoke and helped Reyansh to steer the boat towards the island with his hands.

Abhijit said excitedly, "Mam, there seems to be a building on the island."

They could see a small bungalow on the island. With renewed vigour, they steered the boat towards the

island. It took them more than 2 hours to reach the island.

They pulled the boat onto the sand and climbed the steps to reach the bungalow. It took them 15 minutes of fast walking to reach the entrance to the bungalow.

First Archana approached the door and tried to find a handle to open it. She found a small window and pulled it to reveal a hand scanner. She put her hand on it and nothing happened. She resigned from trying and Abhijit went to it and put his hand on that still nothing happened.

Reyansh remembered his daughters' experience and put his hand on the scanner to reveal another thumb scanner, without another thought he put his saliva on his finger and pressed on the thumb scanner. It released the bolt on the door. He pulled the handle and the door opened outside.

Abhijit asked, "How do you know to do that?"

Reyansh replied, "My daughters had the same experience."

Archana asked, "Is it safe to enter the building, the owners might come and object."

Reyansh said, "Nothing to worry madam, this building belongs to our relatives, so I could open the door. This is the most secure door in the world, it opens to a few of us with the same DNA. Let us check out the building."

He turned towards the side of the door and flicked the main switch. A row of lights flickered and filled the room with lighting.

Abhijit said, "Wow what a building?"

It seems the room is filled with antiques. There is no speck of dust on any of them. It seems someone comes and cleans them regularly.

Reyansh said, "It seems someone comes here to clean them. We don't have to worry, someone will come soon to send us back. Maybe we can find a way back."

Abhijit said, "Let us find something to eat first, I am dying of hunger."

They looked for a kitchen and it is stocked with everything. From the fridge, they took three water bottles and had one each. Then some food items can be heated and eaten. So they put them in the microwave to heat and came and sat on a sofa in the hall. Finding a silver vase Abhijit went and looked at it. There is a small note mentioning the significance of the vase and its date. Finding more interesting items he went around the hall looking at various items on display. He asked in wonderment, "Is this some kind of a museum?"

Reyansh replied, "I don't think so."

They both looked at him questioningly how do you know?

Seeing their faces he replied, "I heard of this place and I have some idea how this building is here. There could be a way out of this place too."

Reyansh got up and went to the kitchen to bring food. He placed the heated food in three plates and brought two plates and handed to them and went again to the kitchen and brought his plate and started to eat."

After finishing he went to the kitchen, cleaned the plate and put it in the stand came out and looked at them still eating, he said, "I will have a look around."

He went in search of the room that would show them the route to the outside world.

Chapter 6

In another part of India, Suchithra with two souls, was kidnapped and sold to a Madam by Raaj and Suresh, who were supplying girls in their former life, spent a life imprisonment and were released.

Suchitra as a girl was mild-mannered but the boy's soul comes out in between to save her from unbearable situations. So she could spend the time in the madam's house easily. Even the madam's goondas fear her, because of her blow hot and blow cold behaviour. They have no idea when she will flip her lid and when the boy's soul is out, she is incredibly strong. Once she broke the arm of one of the goondas by twisting the arm. So from then on they left her to her own and thought when she came of age, they would think about taking revenge.

In the Indian Ocean on an Island bunker, they were looking at the monitors in front of them. One of them notices the trio entering the bungalow on the island and Prasad asks the others who is entering the building. Another says he looks like Atul's grandfather.

Prasad says he certainly looks like one. Let us inform Atul. They sent a message to Atul and received a reply to find out why they were in the middle of the sea.

Reyansh went in search of a room where there is a possibility of a Transporter. From what he learned from Rashmi and others, how they found the transporter and other future-defining items in the locked rooms.

After searching through the rooms, he found a room locked with biometric authentication. He repeated the process at the main door and the door unlocked revealing many boxes and another lift-like box standing in the corner. He went and checked it out, it was

switched on and functional. He doesn't want Archana and Abhijit to learn about the boxes, so switches off the transporter and picks a box named Mind Communication Devices and picks a box of communications equipment. He unpacks it and puts the earbuds in his ears. It asks for the name and phone number, which he provides and the communication device is configured.

He sends a message calling for help and informs that he has disabled the transporter.

Atul contacts Kumar and appraises him of Reyansh's situation. He received messages from him saying that they would need help and that he had disabled the transporter there, so no other person could use it.

Kumar said, "I will take care of the situation, you just keep watch."

Kumar contacts his contact in the Navy and appraises the situation. His contact tells him, there seemed to be some leakage in the system in MO. But I did not expect it will come out this soon. I will check with the head of the MO. He comes back and says that it seems the MS had received a fishing email ordering them to be sent to the dockyard for inspection of the software. It was not received from the higher-ups as he thought. It seems the trio is missing in the Arabian Sea. I am dispatching a ship to verify their position.

Kumar contacts Atul and tells him to send a helicopter and put someone else in their place. So if someone comes in search of these people with wrong intentions, it should backfire on them. Have these people been monitored, to verify their positions?

Atul sends one female and two male operatives on a helicopter to the Island where Reyansh and the group holed up.

Hearing a helicopter flying near, Archana and Abhijit come out and look at the sky. They find a helicopter descending on an empty patch of land. They find one female and two males coming out of the helicopter and approach them. The female is dressed in Army camouflage and the other two are dressed in casuals like these two.

The female salutes Archana and says "Lieutenant Sainetra reporting madam, we were ordered to take you to a safe place until this thing is cleared. You can get on the helicopter, they will take you to a safe place."

They get on the helicopter and it takes them to the Juhu area and lands in an open plot. From there they are taken to a bungalow and instructed to rest, someone will come and meet them and debrief them.

They were met by Sravanthi, who said she is Kumar sir's PA. She sat them in a cabin and went away.

After a few minutes, Kumar walked into the cabin.

Archana and Abhijit were surprised to see him and looked at Reyansh and Kumar alternately.

Kumar said, "It seems you must be wondering why I look like Mr Reyansh. We are from the same blood in a way."

Archana asked, "What are we doing here."

Kumar replied, "For that, I have to relate some past events to you. I was called by the defence ministry to see if there were any leakages of materials from the three armed forces. First, they decided to check the Navy and gave us a software project to put our men into the Navy and audit the software to see if any leakages were possible. First, they checked the software links and found them not up to the standard. They are using https, but they were not attaching licences to the software to secure them. When Reyansh found the shortage of the

materials, he not only reported it to Ms. Archana, but he also reported it to us. On our part, we reported them to the Defence Ministry. Somewhere along the line, the report got leaked to whoever was pilfering the materials and to punish you they abandoned you in the sea on a boat without rowing facilities. But you three were found to be defiant and brave and reached out to our bungalow on the island. It is one of our storage facilities. When we received the message from Reyansh we were surprised that those people would take this kind measure. Now I have informed the defence ministry of your safe return, let us see what will they come up with.”

Archana asked, “Do you think someone higher up has some hand in our abandoning us in the sea?”

“It seems so. Someone in the line of communications with the Defence Ministry has some hand in the disappearance of those highly sensitive materials. Until everything is cleared you will be our guests.”

Kumar lifted the phone called his PA and instructed her to show the rooms to Archana and Abhishek. He asked Reyansh to wait for some more time.

So, when they both went away with Sravanthi, Kumar asked Reyansh, what is happening.

“There was some kind of mismanagement. Some people might be helping them from inside the depot. We could not identify them. Maybe they will come in front of us now after this fiasco.

“So, you called us from New York, what about these aliens coming?”

“We don’t have clarity from either Mars or the government who had received the message. It was not clear whether they are friendlies or enemies. We have to wait for them to land to have more information. Until then we have to prepare for the worst.”

“So, what are doing to prepare for their landing?”

“We are expecting them to land on Indian soil. We are keeping our drones ready to track their movement. The US is also keeping an eye on their entry and will track their movements through satellites. Our government is working closely with other governments to be ready with their own plans to keep people and installations safe. Our primary concern is keeping our installations working.”

“What are you doing to keep them from going on EM Warfare?”

“We are deploying Electronic countermeasures all over the world to safeguard our installations. Keeping the world is our primary concern. We will think about whether they are friendlies or enemies later.”

“You seemed to be well prepared for their arrival, did you have any advanced knowledge from your sources?”

“Do you mean Bob? He was not in contact with us after the merger.”

“Do you think he is looking for more people like you to prepare for the coming turmoil in the world?”

“I don't have any idea what he is up to. He must have gone to meet with his boss.”

“Do you think he went to Mars to meet with his boss? Would not our people know of his arrival?”

“I think he would go directly to where his boss is stationed. He may skip the mars this time. That time he did not want to take me to where his boss was stationed, so he used Mars as the intermediary station.”

“What is happening with your finding Asur?”

“We are nowhere near finding any details of Asur. At present, we are following up with Ananth, who is working as a villain in our movie. Nirmala is working as

his assistant in the movie. Atul is following up that angle.”

“Are you sure Ananth fits the bill?”

“We are not sure about him, he acts all secretive and over that he fits the profile. He is over 6 feet and he looks like he is from south India, but he is fair and with a body, bodybuilders would envy. From the time of our engaging him, he was not been ready to come out into the open, and he did not let the press photograph him. We can’t make out anything of him. Over that Atul suspects he has kidnapped Nirmala and made her do his bidding.”

“Why don’t you accost him and try to find his agenda?”

“I am letting them finish the movie. Once the movie finishes, I will try to accost him and do the needful.”

“What if he disappears, and you can’t find him?”

“At present, we are tracking him with all our resources. He can’t escape from our clutches.”

“Are you sure about that? We have seen people disappear in front of our eyes. What if he disappears?”

“During the last shooting schedule, he was injured and had to have an operation on his knees, and some rods were placed in his legs. We got our secret tracker on his leg, so he can’t escape from us.”

“You seemed to have the answer to every question, what if he is not the one you are searching for.”

“We have thought of that too, we have not stopped looking for Asur, thinking he is in our grasp. We are still searching for clues to the identity of Asur.”

“I hope you will find Asur at the earliest, so we can go on our work without fear of someone kidnapping us.”

Kumar asked, “Do you think this abandoning in the sea was enacted to remove you from the scene?”

“I am not sure, who and why did that. Until we know all the facts we can’t be complacent.”

“so what are you going to do now?”

“I will go to Hyderabad and spend some time there.”

Suchitra with two souls was fed women's hormones from the time she was brought to the madam's lair.

Suchitra is reaching the age of 10 years old and the madam and her goondas are waiting for her to reach puberty.

Madam has doubts, Suchitra is hiding her puberty and enquired with other girls about her status. They feigned ignorance and said she had not reached puberty.

Satisfied with their reply she let Suchitra be.

But Madam's goondas were not satisfied with their replies and tried to influence Madam to find a VIP to sell her off. She refused to do so, if they found out that she was selling girls who had not reached puberty, her reputation would be affected and she could not command the prices for her girls. So the goondas kept their eyes on her activities. Once they took her to a lady doctor too. The doctor admonished them and gave her anti-puberty medicines in the guise of puberty-inducing medicines, which had an opposite effect than what they anticipated.

Chapter 7

Surya Kumar started to live with Manisha Madam and joined a college and Manisha provided a cycle for him to go to college and come back. She provided him with good dresses, shoes and other paraphernalia to show society that he came from a wealthy family.

One day he had a slight fever and over that he had an exam that day, he didn't want to miss college, so Manish sent him to college in a car with a driver.

From that day she started sending him to college by car. Seeing him coming in a car a few girls made friends with him and asked him to drop them at their houses.

So, with that, he became popular in the college. Slowly he started to learn car driving in his free time. Manisha brought him a moped to drive around until he reached the age of 18.

He did not make many friends with boys. A few tried to befriend him seeing the group of girls with him. But, he understood their intentions and kept them away. He made friends with a few intellectual boys, who study together. They would come to his bungalow and Manisha provided them a room to study and put the girl to keep an eye on them on the pretext of giving them snacks. The girl's name is Deepa and she would come and ask every few minutes, if would they require anything. Seeing Deepa disturbing them, Surya complained to Manisha and she told Deepa not to disturb them and go only when called.

Seeing them studying and getting good marks, Manisha told Deepa not to disturb them and let them study as they liked.

Over time some girls also joined them in the study group. So, Manisha put up CC TV cameras in their study room. Surya did not object to that as he was only interested in

studies, and Surya didn't want others to take advantage of the situation.

One such situation came when the college decided to take them to a picnic.

College lecturers are arranging it but privately organised. The college did not put up any money for the trip. The lecturers came to Manisha for donations for the trip and she gave them enough money to arrange for the bus and accommodations. The remaining expenses are to be borne by the students.

So they started the trip in Vijayawada from there they started visiting temples in the southwestern Andhra and finally reached Sri Sailam temple to visit. After having a bath and visiting Mallikarjuna Sway, they are all back in their rooms.

Now they contemplated what to do next. One of the students said his uncle had visited Ista Kameswari Devi's temple is nearby. They need to take a jeep to reach the temple, which is inside the jungle and roads were destroyed. His uncle told him only jeeps could play on these jungle roads.

Some of the students showed a willingness to join the group to visit Devi temple, others wanted to take a rest or visit the local temples.

The group came out and enquired about a Jeep to take them to Devi temple.

But no one is ready to take them to the temple. They advised them to go on a walk, many people were going and they could join them.

So they started to follow one of the groups going to the temple. It took them four and a half hours to reach the temple. The temple of Devi is a very small one and it is below ground level. They had to climb down steps to reach the devi. They were advised to press on her temple

it would feel like a sponge. There is a small nook on her temple, when pressed with a finger it feels like pressing on a soft place.

They brought eatables and started eating them. By the time they started back, it was nearing 5 p.m.

So, they hurried back to Srisailam. Along the way one of the boys found a fruit tree and they stopped to pluck some fruits. When they came back to the walking path, they found the group already ahead and out of sight.

With the confidence to walk along the path, they started to walk towards temple town.

When it became dark they started walking by using the torches from the mobiles. But with the group to show them the correct way missing, they missed a turn and got lost. They walked along and found a small hamlet with huts and they went and enquired if they could spend the night there as they got lost.

The hamlet people welcomed them and provided them with food and a place to take rest.

From all the walking they did, they went into deep sleep in no time.

Surya awoke from sleep finding a girl from the hamlet sitting beside his bed. She was the one who served them food.

He sat on the bed and asked her, "What happened?"

She said, "Come with me."

"Where?"

"don't ask questions, come with me, I want to show you something."

So Surya got up and went with her. She caught his hand and guided him with a light from a hurricane lantern. They walked for perhaps twenty minutes and reached a small hillock. There in a small cave is the tribe's goddess.

She told him to pray to the goddess and ask for a boon. He prayed to the goddess and asked for details of his parents and siblings. The oil lamp in front of the goddess burned bright and became normal.

The girl said, "The goddess has agreed to your boon, your request will be fulfilled."

He gave the goddess one more namasthe and they both came out.

The girl said, "You must be a Karanajanmudu. You must have been born to fulfilling a purpose in life. Otherwise, the devi does not provide a boon on the first visit."

"What purpose do I have? I was left an orphan, I was living on someone else pity. Manisha thought I was looking like someone helped her grandmother and took me in and provided me with all the necessities. Still, I am dependent on her generosity."

The girl caught hold of Surya's hand and looked into his eyes. "You have provided her life, so she is helping you out. She is like a granddaughter to you."

"What is her age and what is my age? How can she be my granddaughter?"

"I said like granddaughter, not your granddaughter. She has accepted you like her brother. Don't worry she would do anything for you. You have to do many great things in the future, Devi's grace will always be with you. Let us go back to the hamlet."

The girl left Surya at his hut and went away. He came and lay on his bed, but sleep alluded him. What he asked the Devi only to know about his family. What does it mean the flame raised and fell? Does it mean I will get to know about my family? Who will inform me about that? All questions were running in his mind to deprive him of sleep. He fell asleep early in the morning.

He woke up when the girl came to wake him up. He asked her, "Thank you for whatever you did for me. I did not get your name."

"My name is Pravalika, but everyone here calls me Chitti."

"Ok, Chitti thank you again. You opened my eyes."

"What did I do? Everything is run by Devi only. Whatever happened Devi made me do it for you. You are a true Karanajanmudu (born for a cause). I hope your wish will be fulfilled at the earliest. Your friends are ready to leave. Hope I can see you again when your wish is fulfilled."

"When my wish is fulfilled, I will come and meet you to at least thank you."

He took leave of her and followed his friends who were following a resident, who showed them the way and returned.

Surya did not mention to anyone what happened in the night, he kept all that to himself.

By the time he returned from his trip, Manisha went to Vizag as her uncle Prathap was sick. He had a stroke and had to be hospitalized.

He had come to an empty house as Manisha took Deepa with her.

It is around 11 a.m. Puja and Nisha came to his house to go out for a movie.

After the night at the hamlet, he slept late at night and being Sunday, no one was there to wake him up. These two girls stay nearby and they are regulars at his bungalow, so the watchman let them go inside.

He was dreaming something and he had an erection. Seeing him sleeping, they were about to go back, but Puja saw his erection and showed it to Nisha.

They stood over him for a few minutes watching him and decided to help him out.

They both closed the door locked from inside and sat on either side of him on the bed. Puja took the initiative and opened his zipper on the shorts. As he was not wearing underwear his dick flung out. Puja took his dick in her mouth and started to give him a blow job. Surya was in his dreams enjoying the sex. As it happened at the exact same time Kumar was enjoying his honeymoon. Being on the same timeline, his actions and thoughts flowed to Surya and he was enjoying the thoughts passed on to him. That is the reason for his erection.

Now due to a blow job given to him by Puja, he ejaculated in his sleep They adjusted his zip, opened the door and went away to sit in the study room.

There in another part of the world, Kumar also ejaculated. Then Surya's mind is bombarded with memories of starting with Kumar's. Then all the memories of all the timelines from Kumar's memories.

After some time Puja and Nisha came over to see what Surya was doing. Seeing him still sleeping, they were about to return, but Nisha observed his eyelids and said, "See how his eyes are moving, he must be having what is called REM sleep."

Puja said, "So this is what REM sleep looks like, what he must be dreaming?"

Nisha replied, "Must be your blowjob."

They came out laughing.

Their friend Natasha just walked in and saw them laughing. "What happened you both seem happy?"

"Nisha replied, "We were watching Surya sleeping. His eyelids were moving very rapidly, it seemed he was dreaming something."

Natasha said, "If he is sleeping let him sleep, give me your physics record, I want to copy from it."

They all went to the study room to continue their studies. Surya could hear their voices, but could not respond or wake up because of the bombarding of the memories. They continued for at least two hours.

When he came out of the REM sleep, he went back to deep sleep.

After about two hours of sleep, he woke up and went to the kitchen looking for something to eat. As Deepa was away with Nimisha, there was nothing prepared to eat. So, he took milk from the fridge, heated it and brought it to the dining table. He found some bread there, he had bread with milk and completed his supper.

Hearing the sounds of his friends, he walked over to the study room.

Seeing him Puja and Nisha giggled hiding their mouths.

He asked, "Is there something wrong with my face or what? Why are you laughing like that?"

They shook their heads in negative.

He came and sat on a chair placed around the study table. Seeing Puja looking under the table, he asked her, "Is there some problem?"

Puja again shook her head. He did not understand why they were behaving like that.

Unable to fathom the goings on Natasha looked at them and looked under the table, not finding anything of interest, she put up a confused face.

Puja and Nisha got up saying we would have dinner and come back. Natasha also got up saying she would also have dinner.

Surya nodded his head unable to understand their behaviour. Over that, his brain is overloaded with information, which he couldn't understand fully.

Chapter 8

After spending a day with his family, Reyansh returned to Mumbai. He went and met with Kumar and Kumar informed him that the matter with the Navy yard was cleared and they found the material at another Store House. Apparently, they shifted the materials without taking authorisation and did not update the application.

Everything is cleared and they can return to their Division.

Kumar sent them to Ghatkopar in his car, and they reached the offices and reported.

After a week of working on some software projects, Reyansh was invited to work out software connectivity with GEM. GEM software is a Government Marketplace for defence procurement. Everything ordered by the three Army, Airforce and Navy had to go through the portal. They are working on the application to port their Navy data to GEM and get the data from GEM to their application.

Suchitra's madam was worried as other girls younger than Suchitra were reaching puberty and she was not.

So, she got her checked with another lady doctor and found that someone had switched her medicines. She was furious but could do nothing.

Chapter 9

Manisha and Deepa returned and found Surya in a state of confusion and disarray, sitting without having food.

Manisha is concerned about what could happen to him and asks Deepa to clear any blackeye fallen on him.

Deepa took a white cloth piece, wet it with oil, told the words and burned the cloth. It burned with high flame and droplets of oil fell from the cloth.

Satisfied any blackeyes were cleared, Manisha sat in front of him and asked him what happened.

He narrated the events unfolded at Srisailam and when he came home, his mind was bombarded with memories of many persons who were like him and lived many lives.

Manisha did not understand what he was saying, “What do you mean by that, I can’t understand a bit of what you are saying.”

“When I asked Devi for information on my family, Devi linked my mind to a person who looks like me. He is implying I am an alter ego of him. He was telling me there were more than seven people like me in this world and he sent me memories of all those people. Now my mind is filled with those memories and I could not understand who am I. Instead of finding out about my family, now it seems I have more than a family. No not just family, extended family. Reyansh who is the older version of me is working in Mumbai, that was where my family went. According to him, my parents are no more, and my brother is there in Mumbai and my sister is there in

Hyderabad. He has a wife Anita and they had two daughters Rashmi and Leena. Rashmi runs a hospital in Hyderabad and Leena is on a spaceship going to Mars. Then there is a Kumar and Loveleen, husband and wife with a son named Dhruv accompanying them on the spaceship. Now the Kumar I received these memories from is around 25 years of age and he just married Loveleen and they are on a honeymoon at a Swiss resort. There are many more people Sunitha, Sahithi, Nandini, and their children, Atul and his wife Molly and their daughter. He has a girlfriend named Nirmala and Kathy and Shravani are working in their company and are somehow related to him. He was telling Sravanthi is our aunt's son's daughter who shifted to Madras. She is supposed to be my niece. So many more people I have to understand our relationships.”

Manisha hugged him, “at least you came to know something about your family and others. For the time being forget about them and concentrate on your studies. Now your exams are approaching, concentrate on your studies. After exams, during holidays you try to find out more about them.”

He nodded his head and went to the study room to join his friends in combined studies.

It's a Saturday and Puja rang Surya up and invited him to share prasadam. She said, “My mom prepared Pongal with jaggery and she put lots of cashew nuts, especially for you. Come and have it before it cools down.”

Surya took permission from Manisha and went to Puja's house which is close by.

He went and sat down at the dining table. Puja brought a utensil full of Pongal and put it in front of him.

He had it and asked her for a second serving. After having that too, Puja said, let us study for some time.

Surya asked, "Where is your mom, I have not seen her after coming to your house."

Puja replied, "Mom went to a relative's house in Guntur where some function is there, she will return by evening."

Ok, and he followed her to her bedroom.

There sitting on the bed is Nisha and he feels as if she is waiting for them to come. He looked at Puja, she was bolting the bedroom door. Then he understood her intentions and looked at Nisha and then at Puja and nodded his head.

Puja said, "She also wants that experience."

Surya went and sat beside Nisha leaving a place on his other side for puja and patted on the empty place for Puja to sit down.

Puja came and sat beside him. On his one side Nisha and other side Puja were sitting.

First, he kissed Puja on the cheeks and turned to Nisha, by the time his kiss landed on her cheeks, Nisha turned towards him and his kiss landed on her lips. Nisha kissed

back and he turned towards Puja and turned her face towards him and kissed her on the mouth and Puja kissed him back.

Then he put his hands on both of them behind them and pulled their faces together and made them kiss each other and kissed their mouths from the other side in a triangle.

As it is the first time for the girls and all the knowledge flowed to Surya from Kumar including sexual knowledge and also knowledge of threesomes and foursomes, Surya took the initiative and pulled them back to their positions and started to press their small boobs by placing his hands inside their dresses.

They gave different reactions, Nisha shivered with pleasure and Puja moaned with pleasure.

Surya removed his hands from inside their dresses pulled down the zips and touched their backs with his bare hands. They both pulled their dresses over their heads and were in their innerwear.

Now Surya turned the other side and faced them sitting in between them. He concentrated on Puja first. He pulled down her bra by pulling her straps and exposing her small-sized boobs. He kissed Puja's boobs and changed his attention to Nisha. He looked into her eyes, and there is the expectation of what he will do in her eyes. He did not want to disappoint her, so he did the same to Nisha too exposing her boobs. Nisha's boobs are a little bigger than Puja, they are round and shapely. He

pressed his mouth on her nipples and milked them with his lips.

He sat back and looked at them one after the other trying to ascertain what he should do next. His mind is running at 100 miles per hour giving him multiple options on how to follow up. For the first time, his mind failed him with overexposure. Now Puja and Nisha took the initiative and kissed him from both sides. This brought him back to the earth and something moved in his loins. He removed his shirt and flung it aside. With his bare chest, he hugged Puja and started kissing her passionately. Nisha from the side is nibbling on his ears. Nisha came behind him and hugged him pressing her boobs on his back. With that action, something moved inside his heart.

Surya released Puja and Nisha released him from her hug. He got down from the bed and stood in front of Puja eyeing her navel and coming down to her cunt area, then looked at Nisha with her better-formed boobs and coming down to her navel and her cunt area. He looked at both of them trying to decide whom to start with. At last, he felt Nisha is the better choice with her better-formed boobs and her cunt area seemed promising.

But first, he pulled Puja's panties and then Nisha's. He eyed them both and started his mouth on Nisha's pussy.

With both hands, he parted the lips of her pussy and put his tongue inside. Her pussy smelled nice with the release of fluids. He licked Nisha until she was asking for more, and then Surya removed his pants and dropped them with his underwear. His dick stood up in its place. Puja

had a taste of his dick earlier. Now it is the turn of Nisha to actually feel him inside her vagina.

Surya pulled Nisha towards him and put his dick in Nisha's pussy and started pumping her standing. When he was about to ejaculate, he removed it from her vagina and ejaculated on the floor.

Tired of the action Surya sat back on the bed and eyed Puja turning his head.

She looked like the Greek goddess lying on the bed one hand supporting her head and she turned a little sideways. He eyed her cunt area and a smile spread on his face. He remembered about Kumar and how he used to satisfy four girls at a time. Then thought two is not that much difficult.

Puja looked coyly at him as if inviting him to fulfil her desire. With that look, blood started pumping in his body and reached his penis, and Surya is ready for action.

Surya got up and turned Puja, face up and lay on her face down and kissed her on the mouth. With his bare chest touching her boobs, Puja felt the desire reaching her brain and she arched backwards in pleasure and a moan escaped from her mouth. His hardened dick is touching Puja's cunt area and she was ready for him to enter her. But instead of entering her he got up and sat between her legs. Pulled Puja towards him and with his tongue he licked her pussy from top to bottom. Puja shivered with pleasure from his licking. Now he put his tongue inside the vagina and started moving the tongue from side to

side and up and down. With that action, she started to orgasm and sent out a liquid from her vagina into Surya's face. With the unexpected action, he moved his face aside and put his hand on her cunt. When he thought she stopped releasing the liquid, he turned her around and made her sit on her knees pushed her down and entered her from behind. He started to fuck her in doggy style. As he had already ejaculated once, he was able to perform better and he thought he could go on and on. He is pumping her from behind and Puja is moaning with pleasure and Nisha is sitting on the bed and seeing Puja getting fucked doggy style. Maybe she is thinking about how it would be to be fucked that way.

What felt to him like an eternity at last he felt he is going to ejaculate and removed his dick from her vagina and gave it a little jab, again releasing the semen on the floor.

Nisha got up and put on her dress, found a cloth rubbed off the semen from the floor went into the bathroom washed the cloth, put it on the clothesline there and returned.

Puja flopped on the bed face down and Surya was lying on the bed face up with a pillow under his head and his eyes closed. Seeing him like that Nisha went and kissed him on the mouth and lay beside him.

Puja suddenly woke up and looked at the time. It is nearing 4 pm, and she wakes up Surya and asks him to wear his dress and go home, his sister might be looking

for him. She woke up Nisha and asked her to wear her dress so she could go back to sleep.

Surya caught his books opened the bedroom door and walked out of the house. Puja closed the door behind him and went back in.

Surya walked to his house and went through the gate and main door. and sat down on the sofa.

It seems Deepa went and informed Manisha about Surya's arrival. Manisha walked into the hall sat beside Surya and asked, "Where did you go for this long?"

Surya looked at her as if she was accusing him and said, "I told you I am going to Puja's house to study. Her mom made Pongal and I had two bowls of it."

"Why is your face look puffed?"

"I told you no, Puja's mom made Pongal and I had two bowls of it, after eating that I felt sleepy and dozed off on her living room sofa."

"Ok, did you finish your studies?"

"Yes, Akka. I completed my studies and I could write the exams today."

"Ok, then get ready we will go to a movie. All studies, no play makes you a dull boy like you are looking now."

"Ok, I will be ready in five minutes."

By the time he returns from his room, Deepa is also ready to accompany them. This is the first time she is coming with them and he did not say anything to that. They went

in the car to the mall where the theatres are located. They collected the tickets and went to the restaurant, where they had pizza and by the time the movie started, they were sitting on the seats. On one side of Surya Manisha sat and on the other side Deepa sat and on her side, there were some girl students. So, he did not say anything to that too.

The lights were switched off and the movie started. He put his both hands on the armrests on each side. Deepa was keeping her hands in her lap and Manisha held Surya's hand on one side and her other side she could freely put her hand on the armrest as it is the corner seat.

After a few minutes, Deepa put her hand on the armrest touching Surya's hand. Surya moved his hand a little to give Deepa space to put her hand on the armrest. But Deepa linked her fingers to Surya's fingers and locked them. Surya let it ride and concentrated on watching the movie. But Deepa did not stop at that and took Surya's hand and put it on her thigh. He did not know what to do and looked at Manisha, she was immersed in watching the movie. He looked at Deepa she was also watching the movie, but there is a smile on her face. He looked beyond Deepa and the girl sitting beside Deepa was looking at him. He turned his head and looked at the screen. Nothing is going on in his mind. Now Deepa pulled his hand to her groin area. He touched her bushy area. It seems she is not wearing underwear. She seemed to have planned this from the time of Nimisha calling for watching the movie.

Surya inserted his fingers over her frock into her pussy and fingered her. Then Surya pulled her frock up placed his hand inside her frock and reached to her pubic area. He parted the lips of her pussy and fingered her and when the half time is announced he pulled his hand and put it in his lap. Before the lights came, Deepa adjusted her frock and sat as if nothing happened there.

Manisha gave him money and told him to bring some snacks. He went out and brought popcorn and cool drinks and handed them.

After a few minutes, the movie continued running. This time Surya kept his hand on his lap and did not give Deepa any chance to put his hand on her lap.

When the movie was completed they all came and sat in the car. First Surya sat and moved aside to give Manisha a place. Deepa instead of sitting in the front came to the other side and told Surya to move inside and sat down.

While the car is moving Deepa puts her hand on his thigh and Manisha does not seem to notice it. When they reached home, Deepa got down from the car and knocked on the gate. The watchman looked out the window and opened the gate and the driver drove the car into the parking. Manisha and Surya got down and reached the door, by this time Deepa reached the main door and opened it. Surya and Manisha went to their rooms and Deepa went into the kitchen.

Surya sat on his bed and reading a book. Deepa came in with a glass of milk and placed it on the nightstand.

Deepa came and stood before him. Surya looked up from the book and lifted his eyes at her as if asking what she wanted.

Deepa said, "I want what you gave to Puja and Nisha."

"what did I give them?"

"I watched everything you did to Puja and Nisha."

"That is what I am asking what did I do to them?"

"You licked their boobs and pussies and you fucked them. I want you to fuck me too."

"They are my friends and my age too. What is your age?"

"I am 20. I am older than them."

"You don't look twenty. It seems your boobs are also not developed fully, you might have some hair there though."

"What do you think, I flatten my boobs by wearing flat bras. My boobs are better than Nisha's."

"Then show me your boobs, I might believe your words."

Deepa stood there looking at the floor.

"If you are shy of showing your boobs, how can you expect me to give you those pleasures."

Deepa pulled up her top and pulled up her bra exposing her boobs. They are really bigger than Nisha's.

"Ok, you close the kitchen and inform Akka that you are going to sleep and come over here."

Deepa nodded her head and went away, Surya closed the door but not locked and came back to the bed sat down and continued with his book.

He did not expect Deepa to come back, but when she opened the door and locked it from inside, he was surprised.

Surya put aside the book and got up from the bed. He was in two minds, whether she wanted to have a genuine interest in having sex or just wanted to blackmail him.

So, he took the initiative and went over to where she was standing. Deepa is looking down at the floor. Surya went to her and lifted her head and looked into her eyes. There is lust and expectation to have sex can be seen in her eyes. So, he caught her by the shoulder brought her to the bed and sat her down.

Surya sat beside Deepa on the bed and turned her face towards him and kissed her hard on the mouth. Deepa responded by kissing back. His hands are on her back rubbing her. He pulled her up and she was standing in front of him. He caught her by the ass and pulled her closer and started to kiss her passionately with tongues and all.

This lasted for a few minutes and he lifted her frock and pulled down her undies. It seemed like she just had a bath and came, and the smell of soap came from her.

So, without another thought, he sat down and put his face on her cunt. Deepa flinched from his touch and Surya pushed her onto the bed. With his push, she sat on the bed. He put his head between her legs and pushed

his tongue on her pussy. He started to explore her pussy and Deepa moaned with pleasure.

Then he heard knocking on the door. He waited a minute and told Deepa to hide in the bathroom and went and opened the door. Nimisha stood at the door, he asked what happened Akka?

“I heard a sound from your room, is there some problem?”

“I had a stomach upset and could not pass the gas, I might have made a sound.”

“Do you want to have some medicine?”

“I took medicine and now it seems ok.”

“OK, you go to sleep, don't keep awake for long.”

“Ok, Akka, good night.”

She went away, looking at her going back to her room on the first floor, he closed the door and locked the door.

Surya returned to the bathroom and opened the door, finding Deepa fully naked and he turned the shower on.

Deepa shivered from the cold water hitting her body.

Surya also removed his clothes put them on the clothesline and joined her in the shower.

Surya made it an experience to remember for life for Deepa. Completing his bath he toweled and wore the dress and came out and sat on the bed.

Deepa came out of the bathroom with the towel around her body and carried the dress in her hand. She placed the dress on the bed and towled herself naked standing in front of Surya.

Surya looked at her casually and sat with the headboard behind him.

Deepa put on her dress and unlocked the door looked outside, if any one present and went to her room.

Surya picked up the book and read for some time and when he felt sleepy switched off the lights lay on the bed and closed his eyes.

Surya had a bath and went to the dining room for breakfast. Deepa made breakfast as per his likes. By the time he completed his breakfast, she brought his tea and placed it in front of him. Daily he had to ask her for tea and had to wait 10 to 15 minutes, today it is there in front of him without even asking.

Surya picked up his books and went to the car to be driven to the college. Already Puja, Natasha and Nisha were sitting in the backseat and the driver put some packets on the front seat to be delivered to some known persons. So Surya had to sit in the backseat between girls. He sat between Nisha and Natasha in the forward. He sat a little forward as to give them enough space for their asses. Now by the movement of the car his back is touching the boobs of Nisha and Natasha and he is getting erection because of that. Natasha put her hand on his thigh else she might hit the front seat.

As the driver applied a sudden break, she moved her hand forward and backwards. When she moved her hand backwards her hand touched his hardened dick. She removed her hand as if she had an electric shock.

They reached college went to their seats and sat down.

In the break, Surya saw Puja, Nisha and Natasha discussing something seriously. In fact, they were discussing their time with Surya at Puja's house. After hearing them Natasha also wanted to have the experience. But whose house will be available is the dilemma. At last, they decided to wait for the right time.

Chapter 10

Reyansh informed Kumar about his work on the GEM project. Kumar spoke with the defence and got him a loginid and password to check out the data.

Reyansh can check out the data for all three defences.

Reyansh downloaded the data and started auditing trying to find loopholes used by the departments.

On a fine day, they found Suchitra reached puberty and they had performed the functions as per their customs.

After her second month period, Madam decided to conduct an auction to sell her off.

Chapter 11

Nisha's family were going to a wedding in Hyderabad. They will be there for at least a week. Even though they forced Nisha to go with them, she refused saying she would miss her exams. When they wanted to leave her brother for company, Nisha said, she would be with Puja, so she does not need any company. So, they left her and went to Hyderabad.

In the guise of studying Nisha called Puja, Natasha and Surya to her house. Surya reached Nisha's house with Puja and Natasha already there.

They did the combined study for an hour and Nisha got up saying she would bring some snacks. Puja said she would help her carry the snacks.

The four of them sat in a circle and Natasha was sitting on Surya's left. Natasha moved a little closer to Surya and their knees were touching. Surya looked up from the book to see what Natasha was up to.

Surya's eyes fell on Natasha's top. From the slit on her dress, he could see the top of her breasts. Natasha stretched her hand to pick up a book and by her action, he could see better into her dress.

Seeing her like that his blood came to his face. Natasha acted as if she did not notice him, and sat back adjusting her top. While sitting back her knee touched Surya's knee. He felt like a shock ran through him with her touch.

Natasha said, "I will just be back", and put her hand on Surya's thigh and got up. While getting up she flicked her

hand on Surya's groin. As he was getting worked up, his dick started hardening. She felt that and went over to the bathroom, and closed the door ajar.

Surya could hear her urinating, she completed urinating came and sat beside him, this time putting her leg on top of Surya's. Surya didn't know how to react to that. He wanted to push aside her leg, but could not bring courage to do so.

His leg started painning from the weight of Natasha's leg on top of his. He was about to remove her leg from his leg, put his hand on her thigh, and his hand touched cool skin. He did not see her frock move up while she sat down.

Natasha took his hand and touched her cunt with it. It felt bushy there and he felt her pubic hair touch his hand. Natasha on the pretext of urinating, left her underwear in the bathroom.

Now the blood started to pump into his loins and his dick hardened from the touch of her pubic hair.

Natasha rubbed his hand on her pussy indicating she want to have sex with him.

She got up and sat on the bed and looked coyly at Surya.

He did not know whether to lock the door or else Puja and Nisha would come with snacks or wait for them to come over.

Unknown to them they were standing outside the door and watching what they would do.

Not seeing him moving, Natasha called him in a husky voice, "Come to me."

Seeing her waiting for him, he got up and went over to him. Natasha said, "They told me what you did to them, I also want the same experience."

Seeing her inviting him, he sat in front of her and put his face in between her thighs. Seeing her nodding, he looked back seeing Puja and Nisha tip-toeing into the room.

Puja said, "Carry on, we will have our turn later."

So, Surya resumed his action and started licking Natasha's pussy. She arched back with pleasure. Puja pulled Natasha's frock's zip down and Nisha pulled her frock up and exposed her naked body. Puja and Nisha sat on both sides of Natasha and started using their mouths on Natasha's boobs. With that action, Natasha had an orgasm and pushed her cunt into Surya's face in an upward motion.

Surya dropped his shorts down and entered her standing. On either side Puja and Nisha were handling her boobs. Surya bent and kissed on her boobs and gave a kiss to Puja and Nisha.

Puja and Nisha got up from the bed and started to undress. Then they came and lay on both sides of Natasha.

While thrusting into Natasha, he caressed Puja and Nisha's pussies with each hand and bent over and touched each on boobs. While doing this he did not stop

his thrust into Natasha. With each thrust, Natasha is moaning, and Surya is getting more energy to push himself to the limits.

At last, he felt he would ejaculate, so he pulled back from Natasha and ejaculated on her thighs.

Tired of all the action, he fell on the bed beside Puja.

Seeing Surya tired, they started to play among themselves. After some time they changed their attention to Surya.

Surya closed his eyes and took a rest. He is still naked, and his limp penis is visible to them. So, they put their attention on that and Puja took his dick in her mouth and started giving him a blow job. With that, his penis sprang into action and stood up in its position. Surya opened his eyes with difficulty and looked at what was happening.

Puja and Nisha were sitting on both sides and Puja is giving him a blow job. Maybe Nisha has reservations about keeping his penis in her mouth and did not try it. Puja is already experienced at giving Surya a blow job.

Surya sat up on the bed and eyed both of them and decided to start with Puja as she was the one who woke him up and also gave him a blow job.

Surya turned towards Puja and started kissing her on the boobs alternately. From there he came down and explored her navel and came down to her pussy. It seems she recently shaved there as the bush disappeared and her pussy is clearly visible.

Surya started exploring her pussy and went deep with his tongue giving her maximum pleasure. When she touched his face with her hand, he looked up and found Puja releasing her fluids in force. He put his hand on her cunt to stop the flow onto his face. When the flow subsided, he inserted his penis in her pussy and started pumping her. Puja moaned with pleasure and Nisha on her part kissed Puja's breasts. Puja whispered faster and Surya tried to pump faster and when the time to ejaculate came he could not remove it from inside her vagina, and released it in her.

Surya flopped on the bed and said to Nisha your turn will come later and closed his eyes.

When he opened his eyes, it was dark all around. He looked around not finding anyone, got up and went to the toilet and relieved, came back and wore shorts and went looking for the girls. He found them in the kitchen preparing snacks.

He picked a bajji and bit a piece and started to chew it.

He sat in the hall and switched on the TV.

Nisha brought some bajjis and sat beside Surya. She started to feed him bajjis.

Surya looked at Nisha and started to bite and eat them.

Finished eating, Surya stood up and stretched. Nisha looked at him, he sat back and just pressed her left boob. Nisha released a moan and Surya sat back and looked at

the TV. Nisha put her hands around Surya and her boobs are pressing onto his hand. With that, even after two rounds, he is getting an erection. He looked at Nisha, she was looking at him in anticipation. He thought he should wait a few minutes.

After a few minutes, Puja brought tea and put the cup in front of him. Surya picked up the cup and started to sip.

While holding the cup in his right hand, he put his left hand on Nisha's thigh.

Surya finished his tea, put the cup on the table and looked at Nisha. He could see the lust in her eyes. He moved his hand up and touched her cunt. There is instant reaction from Nisha. She moaned silently in his ear. He looked at the door and windows. Everything is closed and secure. There is no fear someone will watch from outside.

So, Surya kissed Nisha on the mouth. He kissed her until she was out of breath and pushed him. He smiled at her and started kissing behind her ears. From there he came to her neck. His one hand was on her cunt fingering her and his other hand on her breasts pressing. With his actions, Nisha was feeling out of this world. There was some magic in his touch and Nisha was feeling drowsy with feeling and closed her eyes. Puja and Natasha were standing at the kitchen door watching the goings on.

Natasha was getting itch on her vagina. She started to touch her pussy over her underwear. Puja was pressing her own boobs and looking at Surya and Nisha having

sex. Natasha could not stop herself and came over to Surya sat on her knees and opened his pants zip.

His dick came out like a snake and Natasha started handling his dick. Seeing her, Nisha pushed her aside and came and sat on his lap. She started kissing him sitting on his lap. His dick is pressing on her vagina over her underwear. Nisha stood up removed her panties threw them aside and sat back. Now his dick is touching her vagina and she started to move front and back to rub his penis on her pussy.

Unable to wait any longer, she adjusted herself and inserted his dick into her vagina and started to move up and down rhythm having sex of her lifetime.

When she had enough, she stopped and flopped on Surya. Surya caught her in a hug, and let her rest for a minute.

His dick moved inside her for a few minutes and cooled down.

Surya pushed Nisha onto the sofa, stood up adjusted his zipper and sat back. Nisha closed her eyes in her moment.

Surya caught his books and returned home. Seeing him looking tired, Deepa asked what were you doing there. Surya snapped at her what else would I do except study? Give me a cup of tea, I am getting a headache from all these studies.

Seeing him getting irritated, Manisha said, why are you troubling him, give him a cup of tea.

Deepa pursed her lips and went to get tea from the kitchen.

It is around 8:00 pm, Manisha's cousin Pravalika comes to visit Manisha. She is Pranitha and Prathap's daughter and younger sister to Tania.

Manisha asked Deepa to prepare dinner for them and went to her room to chat with Pravlika.

Deepa was waiting to speak with Surya and wanted to ask him what he was doing in the guise of studies. From his demeanour, Deepa could understand he was with the girls and wanted to confirm that. But Manisha did not give her an opportunity and gave her extra work to prepare dinner for the guests. That means preparing non-veg food. It took Deepa until 9:30 to prepare the dinner and call them for dinner. After dinner, they retired to Manisha's room to chit-chat.

Deepa cleaned up the kitchen and closed the kitchen and went to Surya's room. Finding it locked from inside, she went and brought a glass of milk and knocked on the door. Being tired Surya was fast asleep.

Seeing her knocking on Surya's door Pravalika accousted her. At first, Deepa showed the milk glass as a ruse for knocking on Surya's door.

But being experienced in worldly affairs, Pravalika did not believe her reason and took her to Pravalika's room and interrogated her. Unable to sustain pressure from her, Deepa came out with the details of what she saw at Puja's house and what she suspected of him at Nisha's house today.

After listening carefully to what Deepa had to say and asked for more details and then told her to go to sleep.

After hearing all this and the details she heard from Manisha about Surya, she correlated them and came to a decision.

In the morning Surya was getting ready for college and his last exam will be held today.

Surya looked for the driver, but it seemed he was delayed. So, he told Manisha he will take the moped to the college. Pravalika intercepted and said, "Why take the tension of driving the moped to college, I will drop you at college and by the afternoon if the driver did not turn up, I will pick you up."

Two things she wants to achieve by that, one to keep him away from the girls and second to divert his mind from girls and sex with the girls.

Pravalika made Surya sit in the front seat and the three girls in the back seat. She did not speak much at the time of going to college because of the girls sitting in the back.

But on the return, she did not pick up the girls on the pretext of not going home directly and took him shopping. She got him dresses and the latest mobile phone and shoes etc,

When they reached home, Pravalika informed Manisha that she wanted to take Surya to Vizag for the holidays.

Manisha said, "I can't come to Vizag at a moment's notice."

Pravalika said to Manisha, "You can come when you are free, I will take him to Vizag and teach him a thing or two of business."

"What is the need for him to learn business now?"

"What will he do here in Vijayawada, let him spend some time outside. Let him see the views of Vizag and I will also take him to Araku for a trip."

"Ok, you can take him, but wait for me for the Araku trip."

"Surya, go and pack your bags, we will go by night flight, I have already booked tickets."

Surya having not sat in a plane until now, was enthusiastic about the trip. Pravalika's plan of taking Surya away from the girls also worked out.

Pravalika asked the driver to drop them off at Gannavaram Airport.

The driver dropped them at the Airport and went away.

Surya placed the luggage on a trolley and went to the ticket counter to get boarding passes.

Pravalika handed over the tickets and got the boarding passes. Surya followed her to the security and then to the boarding gate. He is looking around in amazement. He was excited to travel on a flight, which he never expected to do so early in his life.

They sat on the plane for half an hour and they reached Vizag in half an hour and took their luggage and came out.

There waiting for them is Pravalika's driver. They sat down and the driver drove to a bungalow on the seashore.

Surya looked in amazement at the bungalow. He thought Manisha's bungalow was the best, but now this bungalow beat Manisha's bungalow to a pulp. The area surrounding the bungalow must be 2 acres. It has a swimming pool, badminton court and an indoor gym.

Surya asked, "Such a big bungalow, who stays here? And swimming pool too."

"Who will stay here, except us."

"Such a big bungalow for just two of us."

"We are not the only people staying here, we have many servants, and sometimes guests coming over."

"Which kind of guests visit here?"

“My sister, my dad is now in hospital, and some relatives too.”

“it is ok, it is none of my concern.

“Let us change and go for a swim.”

“I don’t know swimming.”

“There is no need for knowing swimming, you can swim.”

“ok, show me my room, I will change and come for swimming.”

Pravalika called a servant and told her to show Surya his room. Surya followed her and she showed him a room and went away.

Surya put down the bag removed the shorts from the luggage changed and went over to the swimming pool. He sat down putting his feet in the pool.

Pravalika came after changing into a two-piece swimsuit. Surya stopped a whistle escaping his mouth and stayed gaping at her.

Pravalika is five foot five inches in height. She is very fair and not thin but endowed with curves. Her weight would be around 55 to 60 kgs, and with a perfect figure and a beautiful face. Her walk, there is a royalty in her gait. With her features, she just proved that she belonged to the Jamindar family.

Pravalika came and handed Surya her hand and catching it Surya stood up. She guided him to the low-depth area of the pool. He got down and the water came up to his

waist. He stood in the water and Pravalika also got down and started to swim to the other side.

Surya stood there watching her swim.

Surya walked into the water and put his head in the water and tried to swim a little.

Pravalika made a few rounds of the pool came out picked a towel dried herself and lay on the poolside chair under the shade of an umbrella.

Surya also came out of the pool took another towel and went and lay on the chair beside the one she was occupying.

Surya kept looking at her and Pravalika closed her eyes and must be taking a rest.

Surya remembered a movie he had seen a few years back. The picture's name is Seetha aur Geetha and in that, Sanjeev Kumar was a doctor and he slips a girl's panties and shows her pussy.

Surya wanted to see Pravalika's pussy. He had seen other girls he had sex with, but he wanted to have a look at older girls like Pravalika.

He stood up and sat beside her legs on the chair. He touched her on the thigh, but there was no reaction from her. Unknown to him, Pravalika wanted to see what Surya would do and feigned sleeping. Surya took a little courage put his hand on her panty and slipped a little at her cunt area. Her cunt area is cleanly shaved and he could see her pussy clearly. He touched the lips of her

pussy and retrieved his hand and slipped back her panty and went and lay on the chair.

Pravalika opened her eyes after 10 minutes. She stood up and said to Surya, "Come on let us go to our room."

Surya looked into her eyes for any sign of anger in her eyes for the action he did. As he did not find anything, he followed her.

Pravalika stopped at her door opened the door and invited Surya in. When he entered the room, she closed the door behind him and locked it from inside. "Sit down" and showed him a chair and went to the inner room leaving the door open.

Surya stretched his head and tried to look into the room. Pravalika removed her swimming suit changed into a nightgown and came out.

By the time Pravalika came out he sat back and sat looking at his hands.

Pravalika came and stood before him. Surya can see her boobs shape from her nightgown. It seems she is not wearing any underwear.

He was surprised by her standing before him. He wanted to stand up, but there was no place to stand up. So, he fixated his eyes on her chest, trying to measure her figure by his looks.

Pravalika caught his face and pressed into her bosom. In a few seconds, he was breathless and pulled back and

looked into her eyes. Surya caught her by the neck pulled her face down and kissed her hard on her mouth.

Pravalika moved back and stood up Surya, and continued to kiss him. Both kissed with tongues and mouths.

After kissing for a few minutes, Pravalika released Surya and led him to the bed.

As she heard about his escapades from Deepa, she let him take the lead. Pravalika sat on the bed and Surya stood before her and started kissing her on the mouth and came to her ear and started to kiss behind her ear. From there he came to her neck and pushed her to the bed and climbed onto the bed. He started to kiss her from above the night dress and came to her cunt and then to the legs. He climbed down from the bed and put his head under her dress and started to go up to her cunt while kissing her on the thigh. He gave a big kiss on her pussy and with his tongue he pushed aside her lips and went in to explore her. Pravalika moaned with pleasure. Surya's confidence increased with her moaning and he continued to explore her. When she started to beg him to enter her, Surya got up from between her legs and lay on her and kissed her boobs alternately.

Pravalika could not contain her impatience and pulled Surya over her body adjusting his dick over her cunt and inserted it into her vagina.

Surya started moving with rhythm and Pravalika moaned with each thrust. Surya continued his thrust for 10 minutes released his semen and flopped on her.

Pravalika let him for a minute to let her body absorb his semen in her ovaries and slowly pushed him aside and got up from bed put on her nightgown and sat back.

Surya closed his eyes and in his own world absorbed the feeling of his last action.

Pravalika woke him up and told him to have a bath and come, we will have breakfast.

Surya went into the bathroom, by the time he finished his bath, Pravalika got his dresses brought from his room and put them aside for his wearing.

Surya put on his dress and Pravalika went to have her bath and returned after a few minutes and changed into a dress in front of him.

Both of them went to the dining room and had breakfast.

After breakfast, Pravalika took him shopping.

They came back from shopping and Pravalika fixed a trip to Manali.

Pravalika booked tickets and they flew to Manali and took a room there in a five-star hotel.

They went over for sightseeing and returned in the night, had dinner and retired to their room.

Surya changed and lay on the bed.

Pravalika is having a bath, and Surya could hear the sound of water from the bathroom.

Surya was waiting in anticipation of what was coming up next. With his knowledge of many Kumars memories, he wanted to experiment with Pravalika his techniques.

But she dressed came back lay on the bed with her back to Surya. He was disappointed but did not show it to her. He turned to the other side and slept.

In the middle of the night, Surya felt someone awakening him. He opened his eyes finding Pravalika trying to raise him. She was in semi-nude and ready for action.

He started by kissing her and then on her boobs and came to her cunt, and started to explore her pussy. When he thought she was ready and mounted her and started his rhythmic movement and Pravalika matched his.

When he was satisfied, he rolled aside and lay on the bed.

After an hour or two, Pravalika woke him again and he performed his action and went back to sleep.

When he opened his eyes it was already 8 am. He brushed, had his bath and came into the hall. Pravalika poured him coffee and handed it to him.

Surya while sipping coffee looked Pravalika over. She is wearing a dress and sat on the sofa. By looking at her he could understand why she was the daughter of Jamindar.

There is something in her that sets her apart from the ordinary women he has seen. She is stunningly beautiful with clear skin and just had fat at the correct places making her curvaceous. She had a wide ass and her chest size would be 38. He had seen those boobs and he is wonderstruck. But the way she sits makes her woman apart. There is that royalty in the way she acts.

Seeing him looking her over, Pravalika smiled at him and said, "Let us go for a tour, and then we can resume our play."

Surya is already planning how to spend the night with her. His mind is overworking with the details.

They returned from the tour and found Manisha there, Pravalika surprisingly asked her, "What are you doing here?"

"I told you to wait for me before going on tour, you did not even inform me and also you took Surya with you."

Pravalika said, "Surya go to the reception and get another room for Manisha." Her intention seemed to be to send Surya away and speak with Manisha alone.

When Surya went away, Pravalika closed the door and said, "What do you think I brought him here for? I wanted to get pregnant with him. From your story about him, I understood why you kept him with you. I took a little freedom and used him before you could put your claws into him. What I can't understand is why you let him call you Akka?"

“So what if he calls me Akka, we don’t have any blood relation to him. He is not my brother, anything he would be my grandfather.”

“So you kept him with you with the same thought.”

“I wanted him to grow up a little before using him, you have spoiled my plans.”

Pravalika asked, “Don’t you want to know why I did what I did, he was having affairs with his classmates, I wanted to use him before he threw his seeds away. So, what do you want to do now?”

“What do I want to do now? What else can I do except join you in the fun.”

They were talking all this thinking Surya had gone to the reception, but he was standing outside the door trying to catch up on their conversation. Seeing a waiter approach, he went over to the lift to go down to the reception.

There he picked up the keys to Manisha’s room and returned to their room. He knocked opened the door and entered finding them having liquor, he sat beside Manisha on the sofa and asked her to pour him a drink.

After having a peg, he started to act drunk and kissed Manisha on the cheeks. “I love you Akka, from the time I lay my eyes on you I loved you. I can’t live without you.” He caught Manisha across her bosom and kissed her again on her cheeks. Manisha did not say anything and looked at Pravalika triumphantly.

Two things Surya achieved with this, one he said he loved Manisha over Pravalika and second he had feelings for Manisha. Pravalika poured him a small peg and handed it to him. He sipped the peg, in between having the chicken 65 they ordered.

Completing his peg, he slumped on the sofa and acted as if he was sleeping.

Pravalika said, "I received a message from the Chief Minister that some guests are arriving and we have to host them at our bungalow in Vizag."

"Who are they?"

"He did not specify, but said they are VVIPs and hosting them is a privilege for us."

"Did they give any names?"

"None, but from his talks they seem to be coming from abroad."

"Ok, let us go and have dinner and come."

"What about Surya."

"He is sleeping, let him sleep, we will pack something for him to eat later", and squinted one eye in a sign.

Pravalika picked up the keys went out and closed the door behind them. Surya waited for a minute got up and sat down.

Now who are the guests coming? Pravalika said VVIPs were sent by CM. Are they coming to help him in the coming elections?

He picked a fag on the table and lit it and smoked and waited for them to return after dinner.

Chapter 12

In Another part of the world American Space Agency, NASA were following the arrival of the spaceship. The same with ISRO and other space agencies around the globe were following the spaceship. It neared the earth and disappeared from their sensors. They tried to coordinate with each other and could not locate the spaceship.

In fact, the spaceship has landed on the other side of the moon where they have facilities for landing and shifting their personnel to the earth without being noticed.

Unknown to the general public Makrasura has replaced the CM of AP by disguising himself as the CM using a shapeshifting device. Really who is running the state is Makrasura and the original CM was jailed in a secret place.

So when the people from the spaceship send him a message of their arrival, he speaks to Jamindar's daughter Pravalika for a place for them to stay, to which she agrees.

He arranged for a transporter in the bungalow at Vizag and transported the leader and their security personnel to the Vizag.

The leader's name is Surpanaka and she has a ten-member security team. Her brother Indrajit has also a ten-member security team, he was sent to China.

In the same way, other members of the expedition were sent to different countries with the help of friendly sources there.

They were looking for helpers and slaves and one such group purchased girls from the Manemma Madam. Suchitra was part of the girls' group purchased by them. They distributed the girls to various groups around the world and Suchitra landed with the Surpanaka group. Seeing her to be very young they allotted her to Surpanaka as a maid.

Unaware of the goings on Kumar and company were in search of Asur all over the world.

Manisha and Pravalika returned to their room and found Surya sitting on the sofa smoking.

Manisha asked with a surprise in her voice, "When did you start smoking?"

Surya replied, "Just now, as I had my first drink today."

Manisha pursed her mouth and said, "Go wash your mouth and come."

Surya went to the bathroom, brushed and washed his face and came back to the room.

By the time Surya came out of the bathroom, both Manisha and Pravalika were semi-nude only in underwear. As he already heard their conversation, he feigned his ignorance and asked Manisha, you are also ready for action.

Manisha replied, "What did you think, I kept you in my house and arranged for your studies so you would act as my brother. I had no such intentions, I had the same ideas as Pravalika, the only thing she acted before I could think about it."

"I did not understand, what is my speciality? Why you both are acting like this?"

"Who do you think you are? You are a special person. You are born for some special purpose. When I laid my eyes on you, I understood that."

Surya was a little confused with her words and asked, "So you did all that, so I could serve your purpose?"

"Yes, whatever I have done, keeping in mind your future usage for me, but Pravalika took the initiative and used you before I could think about it."

Surya asked, "Akka, what you wanted is that I should serve your purpose, which is to have sex with you. Ok, come on then, what are you waiting for."

Surya went to Manisha, kissed her on the lips and removed her innerwear. Then he went to Pravalika and did the same to her. Now both the ladies were standing naked in front of Surya. He looked them over, shook his head and said "Akka, I don't feel like doing this to you", opened the door and went outside.

Pravalika and Manisha looked at each other and if they wanted to follow and call him, both of them were standing naked.

Pravalika received the message that the guests arrived.

She told Manisha, “We have to go to Vizag, some VVIP guests have arrived, and we have to make arrangements for their stay. So pack your baggage and be ready.”

So, the three of them returned to Vizag Bungalow.

There was security everywhere. Outside the gate were police personnel and inside their personal bodyguards were checking.

After thorough checking, these three were allowed inside.

Surya said, “What is this, in our own house, we have to prove who we are?”

CM’s PA came to introduce the guests. They showed a lady whose age would be around 30 years as Surpanaka, and another man as Indrajit. And these are their bodyguards.

Pravalika asked what is the need for the bodyguards.

“They are very security conscience, that is why the CM sent them to your house.”

“Did they get their rooms?”

“Your servants showed them their rooms.”

In the night with constant movement of bodyguards, they could not have a night.

Manisha said, "What is this disturbance", and went back to Vijayawada.

Pravalika said, "Good riddance, otherwise she is coming to competition with me."

After two days, police from Vijayawada came to enquire about Surya being kidnapped and kept in Vizag. The police security outside spoke to them and sent them back.

Surya went to Surpanaka to enquire about what they would have for dinner. Suchitra came to the door and gave a list of non-veg items to be prepared. At this time Surya's eyes fell on Suchitra.

He felt like he saw her someplace. He enquired with the security personnel and learned they bought her from some madam. He felt something odd about her. When no one was present he approached her and started chatting with her. He asked her personal details, which she could not tell. The girl's soul only answered his questions and the boy's soul hid behind the girl's soul. But Surya felt his presence. As Suchitra does not remember her parents, the boy's soul is aware of her whole details. But he is not forthcoming.

The CM is having a cabinet meeting at his house near Vijayawada.

He put up a photo of Kumar on the screen and told his ministers that we should find more details of this man, as he was interfering in our plans.

Then CM's daughter Shraddha walked in saying Dad I want and stopped.

He pushed down the anger rising in him and asked what do you want.

Shraddha said, "I wanted 1 lakh rupees for expenses", stopped and looked at the photo of Kumar on the screen.

Makrasura asked what happened.

Shraddha replied, "I know him", indicating the photo on the screen.

"How do you know him?"

"he is Surya and studying in our college. He is a big casanova", as she is been rejected by Surya she was talking all this nonsense. "But he looks younger than this photo. The difference can be seen in his moustache. Is it something like changing the age and looking at his future self?"

Makrasura took her outside the room and told her, "No, his name is Kumar, and he is an industrialist. But who is this fellow from your college?"

"His name is Surya Kumar, he just wrote 2nd Year Intermediate exams. He is from Jamindar's family. Now he is in Vizag with his relatives."

"Where is staying in Vizag?"

“They have a bungalow on the sea shore, he must be staying there.”

Markasura thought Surpanaka was staying in the bungalow on the seashore, by any means both are at the same place. What is he doing there? Is he following them? I should warn her about him.

Makrasura called Surpanaka on his mind-controlled communications device and informed her of Surya possibly staying in the same bungalow.

She told him to make more inquiries about Surya and inform her.

When Markasura made enquiries about Kumar, he came to know he came to Vijayawada 2 years back and Manisha took him in as her brother and provided for him.

From the time of his return from the trip, he started to behave weirdly. In college, he earned the nickname of Casanova. He had a few girlfriends and no friends as boys.

Makrasura relayed everything to Surpanaka.

After learning from Makrasura about Surya, Surpanaka wanted to check him out and called him to her room.

Surya knocked on the door opened it and entered the room. He eyed Suchitra and looked at Surpanaka and asked, “What can I do madam?”

Surpanaka told him to sit down on a chair in front of her and eyed him for a few minutes.

Surya did not flinch at her gaze and looked her up and down. She looked every inch like a soldier. She looked more manly than a woman. With her bulging biceps and she was wearing a blouse just covering her boobs and midriff open. He can see her six-pack on her stomach. She wore a kind of dhoti and her calf is visible and it seems she kind of exercises daily.

At last, Surpanaka asked him who are you?

Surya replied, "I am Surya Kumar, I am doing my Intermediate and I don't have anybody and I am an orphan."

"But Manisha says you are her brother and looks after you."

Surya remembered the talks Manisha had with Pravalika and said, "She is just helping me out studying. She is no one to me."

"Can you join our team? We will be making rounds of the world. You can also visit foreign countries."

Pointing at Suchitra Surya asked, "Who is she?"

"She is my personal maid, you will not be like her, I will appoint you as my companion."

Surya thought for a minute, from his memories, he understood Kumar was searching for her. It seems he found her and Kumar had no idea she was here in the flesh. But what do I have to do about her? To inform

Kumar about her presence or wait and see what is their play. Is she really part of the Asur group? They came over to destroy the world or do what? The best thing would be to be part of their group, learn about their activities and inform Kumar at the appropriate time. That would be the correct action.

Surpanaka asked, "What is your reply."

"I am ready to be in your group, but I also want to continue my studies, that is what I was thinking."

"I will look into your studies if you agree to be my companion."

"Ok, if you say so."

Surpanaka called Pravalika and ordered her Surya would be with their group for the time being.

Pravalika could not say anything to that and nodded her head.

Surpanaka took their team to Vijayawada and they were housed in a bungalow of CM.

Surpanaka and her team went for a tournament and returned around 8 pm.

She called Surya and asked him to massage her. He asked Suchitra to help out and they both together massaged her. Surya sent Suchitra to prepare tea and closed the door. Then he started to show Surpanaka his magic touch. Within minutes she had an orgasm and asked him

to ride her. Surya made her nude and started handling her boobs and kissed her on the nipples and alternately kissed her on her boobs and came down to her cunt. He opened her vagina and inserted his tongue inside her pussy. It smelled differently than other women. He thought it must be what she eats and drinks. Continued with his act. When she started to plead with him to ride her, he removed his dress and lay on her, inserted his dick in her vagina and started to pound. She was moaning with pleasure and asking him for more. He fucked her this way for around 15 minutes and released his semen in her and rolled aside.

Surpanaka closed her eyes and was in her own world.

Then there was a knock on the door asking her to come outside immediately.

Surya went to the door and opened it and asked what happened.

The security guard outside said, "We have to leave there is a warning that the Nagarjuna Sagar dam broke and water may enter the city."

"How it can break?"

"There is a talk of sabotage or someone bombing the dam."

Surya looked at Surpanaka, there was a smile on her face as if she expected that to happen.

She said from the bed, "Then start sending our people to various places. I will be coming in a minute."

She wanted to reminisce about the sex she had, but there was no time, they had to go to some other place, so she decided to go to Vizag again.

By the time they reached the transporter, all the people left only Surpanaka's personal security were left.

They took the transporter and landed in Vizag.

Surya sat down to watch the news. They were showing the movement of the river from the Durga hills. The water entered the city, but not at a dangerous level. But other low-level areas were flooded.

They are releasing the excess water into the sea from the barrage. It took around 12 hours for the situation to come to normal. As Manisha's bungalow was on the higher ground on the hill the water had not entered her house.

The authorities have not released any details about the accident.

Surya doesn't know what to do. He doesn't know whom to inform about Surpanaka's group activities. He knows Kumar can do something, but he doesn't have his contact details.

Surpanaka called Surya to her room. He went there and Suchitra was not there in the room.

Surpanaka was in her innerwear and Surya started massaging her. He built up the sexual tension in her with his massaging. At last unable to bear the tension, she caught Surya and kissed him on the mouth. It was the first time she kissed him. There was passion in her kiss and Surya continued with his magic touch. After the completion of their coupling, Surpnaka told him this was the best time I had in my whole life. Surya thought it was the best compliment he had received and that too from a lady like Surpanaka. He did not know what kind of men she might have had sex with, but they would not be weaklings.

Now he had to enter her inner circle and find out their plans, and when the time comes he could try to reach out to Kumar and inform him of their plans.

Surpanaka accepted Surya as her companion and as per their traditions she gave him a ring accepting him as one of them. After that they fitted him with a mind-communicating device, using which he can communicate with anyone.

Surya shifted to Surpanaka's room with his luggage. Now he does not need to massage her. But he took it as a sexual activity to arouse her.

Chapter 13

With Surpanaka, Surya exited the transporter and looked around. They are on the top floor of the tallest building in Dubai.

A big man came and hugged Surpanaka. Two men came behind him and he introduced them as Mama Ali and Known Cho and her as Surpanaka his sister.

Mama Ali and Kwon Cho shook hands with Surpanaka and looked at Surya as who is he.

Surpanaka introduced him as, he is Surya Kumar, my companion and showed Makrasura, she introduced him as Makrasura my brother to Surya.

Mama Ali and Kwon Chow looked at each other and what she meant by Companion, as they didn't know their traditions.

They left Surya in the hall and went to a room to continue their discussions.

Surya went to the door and tried to hear what they were discussing, but could not hear anything.

After two hours they came out of their meeting and the three of them went away through the transporter and Surpanaka and Surya were left there.

Surpanaka told Surya to let us sit on the balcony for some time. They sat on the balcony and had tea and looked over the city of Dubai.

Unknown to them a satellite picked them up sitting there and relayed to the Island bunker their presence.

Half an hour later, a servant came over and informed Surpanaka, Madam your room is ready, you can retire to your room.

Surpanaka told Surya to come with her and they both went to the room shown by the servant.

After some time Surpanaka asked Surya to massage her.

Surya in his signature style, started to massage her and raised her sexual tension. Unable to contain herself, Surpanaka opened Surya's pant zip and started to ride him and when she was satisfied moved away from him.

Surya tried to get his breath back from her onslaught closed his eyes and lay on the bed.

After a few days, there was a video circulating on social media of the sexapades of Kumar and Surpanaka. It was alleged that Businessman Kumar, in his younger days acted as a masseur and gigolo.

On their part, Kumar's publicists released a statement that the video was either a deep fake or the person in the video was not younger Kumar as alleged but someone else, as Kumar sir was on his way to Mars with the other travellers.

When the press reporters asked for any proof that the person in the photo was not younger Kumar, they

released the photo taken by Satellite while they were lounging on the Dubai sky scrapper.

Now the press started to look into Surpanaka. Who is the lady in the video? They could not find anything on her and wrote that this video and the photo were both a deep fake.

But the identity of Surpanaka is only known to a few people.

When the colleges started, Surya went and joined in degree college attached to their junior college.

Due to his constant moving around with Surpanaka, he could not write NEET exams and could not join engineering as he thought.

After coming back from the trip Manisha and Deepa kept him a little distance and did not try to woo him.

They watched the video circulating and recognised Surpanaka and understood to keep him away. As with Pravalika, she did not try to contact him as her plan was successful and she was three months pregnant. She announced that she used a sperm bank to impregnate and she is not aware of the father of the foetus.

Chapter 14

On the occasion of the opening of the Cancer ward in their hospital, Rashmi called for a party and invited all.

Mike, Vicky and Justin attended the party. Baby, Himanshu with Indira also attended. Phani, Bunti and Ravali were also in attendance. Ravali especially came from her village to attend the party.

When Ravali went to her village, she tried to leave the consultancy with the souls behind, otherwise, the people in her village would think she become mad. But when one old lady informed her about her would-be, she had to listen to her and take action on that and got her wedding cancelled, as he was already married with a kid.

Now she decided to come to Hyderabad and start working again.

When she enquired about Suchitra with Baby, she was informed Suchitra was kidnapped and they could not get any clues about her whereabouts.

When she looked around, Ravali's eyes fell on Baby's mother. When Baby's mother found out about Suchitra's kidnapping, she came back to their house. But she could not inform them about her whereabouts.

She saw Ravali looking at her and understood, she could see her and it was she who helped her reach her daughter from the hamlet.

She went to her and informed Ravali of the condition of Suchitra and her whereabouts.

Now Ravali could not come out and inform Baby's family about Suchitra,

When Ravali informed Phani about it, he said, "Let us wait and see what we can do."

After the party, they took time from Rashmi to meet the next day to discuss an important matter.

They all assembled in the hospital board room.

Ravali explained to them about Suchitra's kidnap. Mike is aware of her kidnap, but he was busy with Vicky and Justin to put his mind to that. When the police informed them that they could not get any clues as to the kidnapers, they resigned to the life of forgetting Suchitra.

Ravali told them what happened with Suchitra, she was kidnapped and taken to Tandur and they sold her to a brothel house. They raised her until she reached puberty and sold her off. She was sold off to a lady named Surpanaka.

Rashmi asked what kind of name is that, Surpanaka from Ramayana.

Ravali replied, "As per what Baby's mother told me, they were not from this Earth and had arrived in a spaceship."

Rashmi said, "When my dad and group heard about the spaceship arriving towards the Earth, they returned from New York where they were hiding. It seems unable to fight Kumar, it seems Asur called for reinforcements."

Ravali said, "It seems so, Baby's mom told me Surpanka is a leader of their group and she is sister to Makrasura. They don't travel by vehicle, they use what is called a transporter, which carries people from one place to another. Now Suchitra is moving around with Surpanka and at present stationed at Dubai."

Rashmi asked, "If she is in Dubai, how can we approach her?"

"Baby's mom gave an idea, in Vijayawada there is a Kumar by the name of Surya. He is a replica of Kumar and is around 19 years of age. He is staying at a bungalow on the other side of Gandhi Hill. Their house can't be missed. His sister Manisha and her cousin Pravalika have links to these Asur. If we can approach this Surya, he might help us."

Rashmi said, "I think it is better to take Dad with us. He can explain what is happening to Surya. We have not heard about him earlier from any sources. But Dad is in Mumbai working with the Navy on software auditing."

Ravali said, "Then tell him to take leave and come. We should check this angle."

Rashmi called her dad Reyansh and told him about Surya and asked him to come over to check this.

Reyansh informed Kumar about Surya and his links to Surpanaka.

Kumar said, "We were in fact, checking out Surpanaka. We tracked them to Dubai visiting there and she met with Makrasura, Mama Ali and Kwon Cho. Surya was present there when she met them. We are not sure if he attended their meeting. We think, that they would not include him in the meeting."

"That is what I thought, from the information we received, she seemed to have come to earth using Spaceship. They landed the spaceship on the other side of the moon to evade the detection."

"Ok, you better go and check out this. We are keeping tabs on Surpanaka. But it is very difficult to track them as they are using transporters to move around."

"From the information received, Surpanaka seemed to be holed up in Dubai with Suchitra. We aim to get Suchitra from the clutches of Surpanaka, if you have any ideas, please let me know. From my side, we will visit Surya and take his help to get to Suchitra."

Reyansh called Rashmi and gave instructions to reach Vijayawada with a transporter and we will plan after reaching there. Take a hotel room and install the transporter and inform me. I will reach there from the Mumbai office directly.

Rashmi and company comprising of Phani, Ravali, Mike and Suchitra's father Himanshu, took the transporter in Phani's Van drove over to Vijayawada stopped at a hotel booked rooms and took the transporter installed it there and informed Reyansh.

Reyansh using Kumar's office transporter came over to Vijayawada. Kumar gave him the frequency used by the Surpanaka's gang for the transporter. Reyansh changed the frequency using a tool provided by Kumar and set it to the Surpanaka gang's transporter frequency.

Using the invisible cloak collected from their godown, Phani went through the transporter to Dubai. When he reached no one was there, so he went and collected the DNA samples from the security guard's room, and returned to Vijayawada.

They set up shape-shifting devices with the DNA collected by Phani and waited for information on Surpanaka's whereabouts.

Reyansh and Rashmi went looking for Surya at his bungalow. He had an idea of where the bungalow was situated, and they collected a couple of invisible cloaks with them.

Surpanaka and Indrajit with Makrasura were having a meeting with a group of terrorists in New York.

Surpanaka sent Suchitra to bring tea for them and they were discussing the future plans of bringing anarchy to the world.

Reyansh and Rashmi reached Manisha's bungalow and went and knocked on the gate.

The watchman opened the gate and asked what do you want?

Reyansh replied I am an uncle of Surya, I came to meet him.

The watchman asked where were you all this time?

Reyansh replied, "I just learned about him being here recently. We were looking for him everywhere."

"Where were you coming from?"

"I am coming from Mumbai, we have been staying for the last 25 years there only."

"Come in then, I will introduce you to the madam."

The watchman went to the door and called, Deepa.

Deepa came to the door and asked what do you want.

He said, "Surya's relatives came to visit him. He says he is Surya's uncle and the girl seems to be his daughter."

"Please come in, I will take you to Madam."

The three of them went to Nimisha's room, Deepa knocked on the door, went inside explained the matter to Manisha and came out and told the waiting persons to come in.

Reyansh went in and recognised Manisha from his books.

"Namaste Manisha, I am an uncle of Surya and this is Rashmi, my daughter. Rashmi came to know about Surya from some sources. When she informed me I came rushing from Mumbai."

“What were you doing in Mumbai?”

“I went there to do a project with the Indian Navy”

“So, what do you want with Surya?”

“We came to visit him and find out how he is doing and if he requires any help.”

“What were you doing all this while? He was distraught all this time not finding any relatives. What happened to his parents?”

“They died in an accident and we could not contact Surya after his exams. Something happened in the world, which changed everything. Did you not find everything changed? We were trying to understand what happened in our lives. I had to hide in the USA for the last few years fearing for our enemies, who were searching for us. We only came to India when we received the news of Aliens coming to the earth.”

“What are you saying? Aliens are coming here.”

“They are not just coming, they already landed on the moon and reached here.”

“Here where?”

“I thought you met them. Surpanaka and Indrajit. We got reports that they also met with Surya.”

Reyansh could see the changing face of Nimisha. There is fear on Manisha’s face. He wanted to use her fear against her, and he wanted to use the government's name in that.

“We have been tasked by an intelligence agency to look into Surpanaka and her associates' activities. We know at present she is in New York planning some terrorist activities. How do we know about that? She is meeting with Mama Ali and Kwon Chow. Mama Ali is a known terrorist from the biggest terrorist organisation in the world and Kwon Chow belongs to North Korea and we don't know much about him.”

Manisha looked at Reyansh dumbstruck. She did not know what to say or how can she explain her association with Surpanaka and her team.

At last, taking courage, she spoke, I also don't know much about them, as they only came into my life through my cousin Pravalika's associates.”

“How Pravalika could know them, when they have come from out of this world?”

“I don't know all that. She told me the CM asked her to keep them in their bungalow for some time.”

“What is CM's interest in Surpanaka and her gang?”

“Pravalika said she heard Surpanaka addressing as Bayya.”

“I know people address the CM as Anna, but Bayya is only another word for it. Is she in any way related to him?”

“How could I know, I have not met them together, I was only telling you what Pravalika told me.”

“So, what could you tell me about Surpanaka.”

“From what Surya told me and what I learned from others, she is a fighter. They practise sword fighting in the yard and go to gun range and practise shooting. From what Surya tells me she has enormous muscles. She looks like a lady bodybuilder and wrestler. Surya has seen her put down Indrajit in a minute in a fight. While having sex, she pulls all Surya’s energy and he can’t go another round after having sex with her.” Then remembering Rashmi sitting there listening to her, she kept quiet.

Reyansh understanding her predicament said, “You don’t have to worry about Rashmi, she is from the Hospital field and there is nothing she has seen or watched there.”

So, Nimisha continued, “From what Surya told me about her, she is easily aroused by giving her a massage. I would say it must be her weak point. She has one more weak point. Normally people get relief when pressed on the nerves on the shoulder near the neck. But Surpanaka goes into convulsions from pain, when applied little more pressure on her shoulder.”

Reyansh looked at Rashmi, “I have seen some people have sensitive nerves near the neck and when pressed hard instead of getting relief they get pain.”

“What do you know about Indrajit?”

“Nothing, as Surya did not have much interaction with him. But he seemed to be gay from what Surya could gather.”

Reyansh did not know how to use this information and nodded his head in acknowledgement.

“One more thing Surya noticed is that she can change her looks at will. Sometimes she looks fair and beautiful and sometimes when in the presence of her brother little dark and rugged. But when she goes to the meetings, she looks tough and imposing. Sometimes during sex, she acts like a kitten and other times like a tigress.”

“Like she is a great actress?”

“You can say that, like an actress. She shows Nava Rasalu or nine emotions even during sex. You can say none of the yesteryear actresses come anywhere close to her.”

Reyansh already wrote about Manisha’s grandmother Manisha. From what he remembers about this Manisha, she looked like her grandmother and he is not sure about her behaviour. In one timeline she used Kumar for her selfish reasons and in another timeline she helped Pujari Kumar, and in turn, he helped her by giving her a son, returning her favour. The other two Kumars from that split timeline did not get to meet her as they left Vijayawada after their Intermediate. One studied in Bombay and the other studied in Hyderabad. But what kind of lady is this Manisha? From what he could learn from what Reyansh received from Surya’s memories, she does not seem as innocent as she portrays herself. He knows how Manisha and Pravalika tried to seduce Surya in the hotel room and how Surya left them high and dry after making them naked. Even though Surya called Manisha Akka or sister she tried to help him only to seduce him and bear a child from him as her grandmother got from Kumar.

Finally deciding she does not need their protection from the Rakshas, Reyansh asked her, “call Surya and see where he is.”

Manisha looked at Deepa standing at the door and listening to the goings on. Deepa nodded and went away.

She returned in a few minutes and said, “he is coming, he will be here in two minutes.”

“Go and bring him here.”

Deepa went away and came back with Surya.

Surya came in asking, “What is it akka?” and seeing Reyansh said, “Hello Mr Reyansh, how are you”, and looking at Rashmi, “You must be Rashmi, I read about you.”

Manisha asked, “Where did you read about them.”

“You may not know, Reyansh is a writer, he wrote many books.”

“You did not tell about them or about reading his books.”

“Recently I came to know about his books. I read them in my free time. So, Mr. Reyansh, what are you doing here?”

“We came here to get information about Surpanaka and Suchitra. Suchitra was kidnapped a few years back and now we come to know she was with Surpanaka and we want to rescue Suchitra and send her to her parents.”

Surya asked, “How can I help you with this.”

“Have you met with Suchitra?”

“I have seen her with Surpanaka. She is working as a maid for Surpanaka.”

“Did you speak with her, did you find anything odd about her?”

“I spoke to her, she is very reserved. But after speaking with her, I felt something odd about her, but could not put my finger on it.”

“According to Ravali, she has two souls in her, one female is the real soul and also a boy soul which was attached to her by her grandma.”

“How could her grandmother do that?”

“She was a witch, she wanted to revive her dead son through black magic, but she was dead and failed to do so. So, she decided to introduce his soul in to her daughter's unborn child. But by the time she did that, the unborn child had acquired a soul and in frustration, her grandmother attached the soul and left.”

“I heard from the guards, that she is a little cranky and had broken the arm of the madam's goondas because he laid his hand on her. When they bought her, one of the goondas had warned them about her.”

“What did the guards do?”

“They laughed at the goondas and said we know how to take care of such girls. The goondas looked at them and left.”

Maybe they must have thought about where these mar khans have come from. But the goondas don't know their real identity."

Surya asked, "So, what is our plan of action?"

"We will go to Dubai using the transporter in the guise of the guards and we will pick up Suchitra and bring her here and switch off the transporter and change the frequency and shift over to Hyderabad and hand her over to her parents.

"Does this work the way we planned?"

"We have to make adjustments as we go forward. There can be no foolproof plan for these kinds of actions."

We took leave from Manisha and went over to our hotel room."

We used shapeshifting devices and invisibility cloaks and changed our appearance and Surya was as he.

We left Rashmi to manage the transporter, using the transporter we shifted to the Vizag transporter and from there we went over to Dubai.

Finding no one except the servants, we conferred with each other and Surya enquired about Surpanaka. One of the servants told us that they may have gone to New York, he heard them saying let us go to New York.

So, we got in the transporter Surya along with those in invisibility cloaks went over to New York.

Surya looked around and found Suchitra in the kitchen making tea. He told her, he came to take her to her parents and asked her to mix the liquid he brought in the tea she was making, which would make them unconscious.

When she handed the tea to the people in the meeting and came back and took the tea to the guards in their rooms and others manning the CCTV cameras in the hall.

When the persons in the invisible cloaks checked guards who became unconscious, they called others tied them up, loaded them into the transporter, sent them to Vizag, unloaded them and put them in a room locked them up and came back to New York.

Now they all went to the room where Surpanaka and company were in a meeting.

Seeing them unconscious, I called Kumar and explained the situation. He asked for the frequency used in the transporter. Which I gave him. Within fifteen minutes, Atul accompanied by military personnel landed in the New York tower. They handcuffed them with ties and took them away.

The mission was a success beyond our imagination. We never thought we could land Makrasura and company in our net. Now let's see what Kumar will do.

We landed in Vizag and handed over the guards kept under lock to the military personnel asked Rashmi to switch on the transporter and went over to Vijayawada.

We let Surya go to his house, unpacked the transporter and left for Hyderabad in the van.

This way we completed our mission to secure Suchitra.

Chapter 15

We left Suchitra at her house, I left for Mumbai and others went to their houses.

When I reached the Navy office, everything changed. Adbhijit left for Delhi for his wedding and a new girl was shifted from the .net team. Her name is Sonali Raut and she is a Maharashtrian. Another boy Dinesh from the Python team got selected for Google with a package of 35L per annum. Another boy Rajasthani Vineesh Raaj is working in the .Net team. Now Sonali was friendly with both of them.

Another Kannada guy Ujwal joined the team in place of Abhjit when he took a long leave of 1 month. Now another Muslim guy by the name of Ahmed is also working along with Vineesh on another team and he is also interested in Sonali, he troubles her by touching her inappropriately and she scolds him. Once she told him, she would hit him with chappal.

At the time of the informal interview with Ujwal, he said he worked in Hyderabad for some time and now he is without a job. He also told me he was married and had a two-year-old girl, so there wouldn't be a problem for his joining Mumbai. Thinking he needed a job, I recommended him to Archana.

I saw Dinesh and Vinesh compete with each other for the attention of Sonali. Sonali is slim with a petite body and tall about 5 feet 5 inches. Dinesh weighs around 95kg and Vinesh is around 5 feet 11 inches in height and maintains a ponytail.

Dinesh is trying to woo her with his new job at Google and Vinesh tries to show him poor light, what with his weight and he is around 5 feet 5 inches in height.

I saw the story unfolding in front of my eyes. Sonali gives both of them equal importance. The problem for Dinesh is, that he has only a few days left before he joins in Google. Vinesh is playing for the long term.

So, what Dinesh did is he filled the ears of his boss and tried to get Sonali dismissed, so she would be away from Vinesh and Dinesh could get her another job and maintain the relationship with her.

Unaware of these developments, I intervened in between and got Sonali a place in our team, thus spoiling Dinesh's plans.

Now I heard Ujwal telling his colleagues that he is not married. He is the kind of guy who talks too much and he won't care what other people think of him. Work-wise I did not find him up to the mark. What with his below-average knowledge of the software or SQL.

Now it seems he is also interested in Sonali and over that, he is also tall, which makes him an ideal candidate.

Now the triangle became a square with Ujwal coming into the competition with Vikas and Dinesh. However after Sonali came to our team, it has become difficult for all three to meet with her. Now, they could only meet with her at lunchtime.

Unaware of their infighting, Sonali continued to interact with all of them, less so with Ujwal as he was the newcomer.

In the morning I was ready to leave for the office and did not find the car to take me. I waited for some time and as I was getting late, I came out and caught an auto and told him to take me to the Navy Yard. He was taking the auto through inner roads. I know the roads would be heavy with traffic and I let him take him the way he thought would be good.

We had travelled halfway, then the auto stopped and the driver got down and looked at the tyres. I also got down and looked at them, they were all right.

He said, "I will start the auto and check." I stood beside the auto and looked at him starting the auto. It started and he drove away, abandoning in the middle of the road. I was looking around, no vehicles were coming or going. Then A van stopped beside me, surprisingly Archana got down and some security people also got down. One of the guards is tall and must be above 7 feet. I was looking at him with surprise written all over my face.

I asked Archana, "How come you are here?"

"I found that our Software engineers are missing and I informed Kumar and he said you are standing at this address and told us to reach you. How does he know where are you?"

“He must be keeping tabs on me. I was coming on auto and he stopped here suddenly and left me and ran away.”

It seems from the time of our abandoning at the sea, Kumar must be keeping track of us.

“Ok, let us go to the office.”

We went to the office and I started to work on a new project.

Ujwal called Sonali and asked her to come to a movie with him. She rejected the movie idea saying, that on a working day, it is difficult to go to a movie. So, it seems he has gone to the movie alone.

Now Dinesh has left for his new job with Google and he gave a big party for all the staff and Navy people. He gave all of them a small gift too. After the gifting, we all walked back to our offices, on the way we had our picture sessions.

Ujwal did not let that movie idea go and came up with the idea of going to the movies as he brought two tickets. I refused to go as I had lots of work and no one else was interested in his movie plans. On the night he was telling the movie theatre he mentioned, the show was cancelled and he had to go to another theatre for a later show. Now at first, he mentioned that he bought two tickets, I don't know what happened to those tickets, only he mentioned that when he went to the ticket counter, they said the show was cancelled. Why tell lies about going to

the movies? Would he think Sonali would come to the movie if he said he had two tickets?

Some problems were cropping up with the administration people raising eyebrows that Sonali and Vineesh coming together to sign the muster. So, they decided to sign separately. Now another older guy, who is a Bengali, sees how they are taking a walk, and why the admin people would not raise objections.

So, I found there was a kind of competition going on with Sonali and others.

I got a call from Kumar that they had identified a Ghost house and wanted me to check it out.

I told him to send me the details and I will prepare a team to check out the ghost house.

When I started assembling the team many people were ready to join.

Finally, I prepared a team with Veneesh, Ujwal, Shafi Ahmed, Sonali, Manoj, and Raavi. Raavi is the new guy in the development team. Manoj is a sailor in the Navy.

I got the location details after two days. Manoj went ahead to check out the location and make arrangements for the stay. Later on, I received communication that an agent would be joining our team by the name of Acharya.

After finalising the trip, I sent the details to Kumar, so he could inform Mr Acharya.

We took two SUVs from Kumar's motor pool to go to the ghost house. We were ready with our packing and loading the SUV, we had to wait for 2 hours for Acharya to reach us. At the last minute, I got a confirmation that Ravali would like to join our ghost hunting, with Phani and Bunty would be joining us.

Acharya was making excuses that at the last minute, he had a meeting with the director about the missing terrorists. He had to convince him that he was doing whatever he could do to find out more about them.

I thought by coming with us for ghost hunting, he is doing everything he could do.

We went to the Airport to collect Ravali accompanied by Phani and Bunty. I was surprised when Mike was coming behind them. At the last minute, Mike insisted he would like to accompany them.

From there we went on the Western Express highway towards Gujarat.

We crossed Vasai Creek and I got a call from Rashmi that she spoke with my brother Ram and he suggested that we stay at a farmhouse near where we are going, which belonged to his friends.

I said, "I will check it out and cut the call."

We drove for another 3 hours and reached the place. Manoj was waiting for us there. He explained the details of the place. In the year 2021, suddenly this building appeared out of nowhere. On both sides of this building, there were Christian graveyards and Hindu cremation grounds and further away there was a Muslim graveyard. The Hindu cremation ground is manned by a caretaker. He heard laughing sounds from the building in the night.

As it is nearing evening, we decided not to venture into the building at this time and decided to check out my brother's farmhouse.

We went to the place suggested by the map location sent by Rashmi. We reached the gates of the farmhouse and it was opened by a watchman and caretaker Ramu.

He took us to the house, it was built on a raised level. Ramu explained that it was done so, that water would not enter the house during the rains. During the rains, the place under the house would look like a river. Water would flow like a small river.

He showed us our room and we dropped the luggage. He left the house saying he will get dinner.

After an hour one by one started to come to the lounge and sat around on the sofas or chairs.

Ravali asked how this building could be near the graveyards and in the middle of nowhere.

I replied, "As much as I know from the past, it was once a mental hospital. One of the patients killed some other patients due to his mental illness. He should have been

restrained and kept locked in his room. He was taken out to do tests. During this, the doctors applied electric shocks to him, which aggravated his mental illness and he killed one of the nurses and grievously injured a doctor. After that, he escaped the room and killed a few patients too. He was killed by the guard when he tried to attack him too.

The hospital authorities hid the details of the people killed, but when the patients started seeing the ghosts in the night, they closed the hospital and shifted the patients to other hospitals.

In the year 2008, in CA Kumar's timeline, his daughter Leena and her friends went on a ghost-hunting mission. She did not encounter the ghosts, but they were locked by some terrorists who were hiding there in the guise of ghosts. Leena called her dad on the mobile phone and he came there with his friends and released them from the locked rooms. Thinking there were no ghosts, it was frequented by terrorists, they forgot about the videos they took during the ghost hunting. Recently while going through those videos, our team found that one ghost was following Leena. It was recorded in her videos while she was taking videos in 360 degrees. Maybe Leena was practising a mantra before venturing into that hospital, the ghost could not touch her. Even though that hospital was in the centre of Mumbai, during the timelines merger that hospital seems to have landed here. Maybe the graveyards have accommodated the mental hospital among them. We will never know how that can happen.

Manoj asked, how do know all this?

“Because I wrote about them myself.”

“Are you sure there are ghosts in the house? There could be terrorists hanging out there now.”

“That’s what we came to check out. There could be both, terrorists and ghosts.”

“But the crematorium caretaker told me he never saw anyone entering and coming out of the building.”

“There are many ways these terrorists can come and go.”

“What kind of ghost was seen in the video.”

“It was of a lady ghost, she kept behind Leena, but when she turned the camera to her back, a ghost came into focus, maybe it was not aware it was being recorded. Leena was also not aware she was recording the ghost. Over that, with the confidence that no ghosts were there in the hospital, they never checked the videos.”

The Caretaker came to announce dinner. One by one got up from where they were sitting, moved to dining room.

There were chapatis, alu bhaji, rice and dal on the table.

One by one started serving and started eating. Everyone was immersed in their own thoughts and conversation was sparse except for asking to pass on items.

After dinner, we moved to the veranda where chairs were placed. Some sat on the chairs, some on the stairs.

I asked Ravali, “Do you see any souls around?”

“None seemed to be around, maybe they are wandering somewhere else.”

“Yeh, they need not be around, I was expecting at least one, whom we can ask some questions about the hospital building.”

Then the conversation went to her exploits with the souls. She was telling about her experiences and how she dealt with them. Everyone was sitting around and listened with apt attention.

I looked at the time and finding it is after midnight, asked everyone to go to their rooms.

I went to my room along with Mike, who occupied another bed. I did not get time to enquire about his family until now. I did not know much about him except what Anne wrote in her books.

We were talking about his past when we heard a shout for help. We went outside, and found Manoj knocking on the girls' door, I asked what happened.

He replied that the shout came from their room.

About then, Ravali opened the door and said it was Sonali, she was shouting in her sleep. We went in and Sonali was looking around as if she saw a ghost. Maybe the stories told by Ravali had that effect. I put my hand on her head, and read a mantra. She calmed down after a few minutes.

Ravali said, “I have not seen anything around.”

I said, “Maybe hearing your stories, she must have imagined. Sometimes there is dark energy around, which can have that effect.”

Everyone was back to their rooms.

Mark asked, “What did you do, placing your hand on her head?”

“I was transferring energy to her to calm her down.”

“I have not read about it in your books.”

“This technique is not used by others except Pujari Kumar. He treated Loveleen with transferring energy.”

“Yes, I remember that. Her energy centre was disturbed by Sunitha asking about her, and Swamy had to read a mantra to her.”

“It is ok, go to sleep. We have to get up early to check out the hospital.”

By 8:00 am everyone was ready to go on the adventure. I don't know how much adventure we can expect, but everyone was enthusiastic.

We took our SUVs and drove to the hospital building.

Seeing us, the Crematorium caretaker came over. Manoj gave him some biscuits and chocolates, he said to us they were for his children. He put them in his bag and told us last night there was laughing going on for a long time. But this time it felt like playing a record over and over.

We looked at each other as if understood what he meant by that.

I asked Ravali, "You don't see the souls and ghosts during daytime."

"No, only after 7 pm in the night"

"So first, let us check out the building, then we will think about placing cameras. Phani and Bunty are experts in this thing."

We went from room to room recording the surroundings. I kept a special lookout for Ravali and Sonali, checking them out with my camera. We did not find anyone around, but we saw indications that someone was recently there. A few of the rooms were locked, I told Phani to place cameras outside those rooms, so we could know if anyone came there.

We completed the first floor and went to the second floor. Most of the rooms were locked and a few rooms were unlocked and seemed unused.

To be continued.....
